## COUNCIL VOTES TO RESURFACE TOWN STREETS

Gettysburg borough council at its meeting Monday night in the engine house on E. Middle St. voted to rebuild N. Washington St. and two blocks of Stratton St. this coming summer.

The action followed approval of plans by the state to resurface Steinwehr Ave. and to improve the Emmitsburg Rd. from Steinwehr Ave. to the intersection with new Route 15. It was reported that the state plans to resurface W. Lincoln and College Aves. this coming summer. There will be no cost to the borough for this work. It was also reported the state has provided \$12,700 for highway construction in Gettysburg this year, and it is anticipated that about \$4,500 more will be available for work later in the year.

### GIVEN PRIORITY

N. Washington St. was given the priority for the work from Chambersburg St. to Lincoln Ave. A new base will be placed from the railroad to Lincoln Ave. and the entire street will be blacktopped. It is estimated that the work will cost approximately \$15,000.

With money available for more work council decided to resurface the first block of N. Stratton and St. Stratton from York to E. Middle St. The work may extend in 1966.

The highway committee will inspect the streets to be resurfaced by the borough and the state to see that all curbing is installed.

Engineer Weinbrener said that the state plans to resurface Baltimore St. from Steinwehr Ave. to Lincoln Square.

Chairman Kenneth Hull of the safety committee reported on a conference with the mayor, chief of police and policemen add that another police officer is needed. Council directed an officer from the civil service list be engaged on probation for six months. If satisfactory he will be retained at a yearly salary of \$4,300.

### ASK FOR CORPORAL

Council directed that a corporal of the force be recommended for decision at the next council session.

## UPPER ADAMS BOARD TO HIRE TWO TEACHERS

The Upper Adams school board Monday evening made preliminary plans to employ two new teachers for the 1965-66 term, but delayed engaging a full-time elementary librarian for a year.

A replacement was authorized for Mrs. Emma Grove, English teacher, who will conduct the summer remedial reading program and be responsible for setting up a similar program in all grades next fall. The personnel committee also recommended employment of a music teacher for the fall term.

The board was told that William Williams will direct the summer recreational program which includes Little League and Pony League activities. He succeeds Wilson Wenk.

In other sports activities, the board was informed that a banquet will be held Tuesday evening, March 9, at 6 o'clock for members of the basketball and wrestling squads.

### KINDERGARTENS

Superintendent Donald B. Hudson reported that the state kindergarten program may be established voluntarily by schools throughout the state and could include transportation facilities. He said the teacher program would be reimbursable on a per unit basis. He added, however, that at the present time classroom

## 68 Math Teachers Begin New Course

A six-session "in-service" program in the "new mathematics" was begun Monday evening at the New Oxford High School with 68 elementary and junior high school teachers from all parts of the county in attendance. It was reported today by George B. Inskip, assistant county superintendent of schools.

The session will continue on Monday evenings through April 5. Another series of six sessions will open next October.

Members of the faculty of the math department at the Millersville State College are serving as instructors for the classes.

## Bright Retires As Scout Executive

Charles V. Bright, Hanover, who served for a number of years as Scout executive for the Black Walnut Boy Scout District before becoming full-time executive for Conewago Scout District, Monday retired after 46 years service to the Boy Scouts of America.

He became full-time executive in Conewago District 10 years ago, after having jointly served both Black Walnut and Conewago. The Scouters, who resides with his wife at 33 Granger St., Hanover, said he has no definite plans for the future.

## Evening Mass At St. Ignatius

A special evening Mass will be said at 7:30 o'clock Wednesday evening in St. Ignatius Loyola Catholic Church, Buchanan Valley, Rev. Fr. Louis J. Yeager, the pastor, announced today.

The evening Mass will mark the opening of the penitential season of Lent on "Ash Wednesday."

Blessed ashes will be distributed following the Mass.

## U.S., Vietnamese Fighter Bombers Pour Tons Of Big Rockets On Big Red Port

DA NANG, South Viet Nam (AP) — More than 160 Vietnamese and American Air Force planes hammered two military installations in North Viet Nam today in the heaviest raid made to date.

Officials in Saigon estimated that 70 to 90 per cent of the installations — a port and a munitions depot — were destroyed. More than three of the planes were shot down, but officials refused to say exactly how many.

The pilots of three planes, one Vietnamese and two Americans, were recovered unhurt, but other pilots were missing and search operations were continuing.

## COUNCIL OKAYS '65 BUDGET AND TAX REDUCTION

Gettysburg borough council formally adopted its \$203,300 budget for the year at its meeting in the engine house, Monday night and a 15-mill tax on real estate. It also re-enacted the same amusement tax levied last year. The 15-mill tax is a one-mill cut from last year's levy.

Tentative approval had been given the budget last month. Finance Committee Chairman John Welshonce said the proposed budget has been open for public inspection as required by law and no objection had been made to it. At the same time Councilman Welshonce noted a \$25,000 certificate of deposit held by the borough comes due March 20 and on his suggestion council voted to increase the amount on certificate of deposit to \$27,500 by adding the \$1,000 interest obtained from it during the year to the original \$25,000 and \$1,500 from the general fund.

**MONEY EARNING INTEREST**  
Council President Philip M. Jones noted that several persons had asked him concerning the money placed on certificates of deposit and said the public generally does not realize that the borough is obtaining interest on the money and this helps both to decrease taxes, as was done this year, and to help accumulate money for capital developments

## ROTARY HEARS ABOUT MERITS OF ELDERCARE

Dr. Roy W. Gifford urged adoption of "Eldercare" rather than "Medicare" by the current Congress in a talk before the Rotary Club in the YWCA Monday evening.

The local surgeon said "Eldercare" is a bill (H.R. 3727) officially known as "The Eldercare Act of 1965" introduced in Congress by Rev. A. Sydney Harling Jr. (D-Fla.) and Rep. Thomas B. Curtis (R-Mo.).

"Medicare," he said, "is the name given to the bill (H.R. 1) introduced in Congress by Rev. Cecil R. King (D-Calif.) and Sen. Clinton P. Anderson (D-N.M.). Dr. Gifford held that the "Eldercare" bill "would provide a wide spectrum of benefits including physicians' care, surgical and drugs costs, hospital and nursing home charges, diagnostic services, X-ray and laboratory fees and other services."

By comparison, he said, "Medicare" benefits would be far more limited, covering only about 25 percent of the total yearly health care costs of the average aged person."

Dr. Gifford held that Eldercare could provide many more services for the aged ill at low cost because it would be provided only for those persons who need it. Medicare, on the other hand, applies to all persons over 65, "the rich, the needy and all those in between," and is to be supported by social security payments, "with the millionaire and the janitor paying the same return."

Medicare, Dr. Gifford said, would start with a \$35 billion debt, the amount it is estimated will be needed to care, until their deaths, for those presently 65 or over.

## EASTER SEAL CAMPAIGN TO AID CRIPPLED

More than 6,000 Adams County families today were called upon to help crippled children and adults through the annual sale of Easter Seals. Letters were mailed to families in every part of the county, according to Mrs. N. E. Richardson, campaign chairman, Adams County Society for Crippled Children and Adults.

"Easter Seal support means encouragement, equipment, therapy and camperships for crippled children and adults," Mrs. Richardson said. The society needs \$1,200 this year to help maintain the therapy center at Warner Hospital, which is only a part of the local program, she said. Other aids include corrective shoes, wheel chairs, walkers and camp facilities, where manual skills are developed in victims of crippling diseases. Applications for Camp Easter Seal, Somerset Co., are accepted by the local board and are granted upon review.

### LOCAL PROGRAM

Mrs. Richardson said that 74 percent of the local contributions are used in the local program for therapy, equipment and other aids to cripples. The program includes assistance for a number of adults in the county who have suffered incapacities from polio and other crippling diseases. The

## LEGION'S 46TH ANNIVERSARY IS OBSERVED

The Albert J. Lentz post of the American Legion and its auxiliary Monday evening marked the 46th anniversary of the inception of the local American Legion with a joint meeting in the ballroom of the American Legion home on Baltimore St.

Both the Legion and its Auxiliary held regular business meetings as part of the joint observance. District Commander Carroll Noel, Hanover, present for the joint program, praised both the Auxiliary and Legion post, praised the joint meeting idea and suggested joint installation of officers as a future project.

After discussion of the need for increased space in the National Cemetery here for future burials of veterans, the post voted to urge the National Park Service to step up plans to incorporate the five acres of land given by Bethlehem Steel into the cemetery. With approval of Commander Noel and District Adjutant Robert Laird, Hanover, who also attended the session, the local American Legion voted to present the matter to the District American Legion meeting March 21 to seek support of the district in urging speedy enlargement of the cemetery.

**DISTRICT COMMANDER HERE**  
District Commander Noel made his annual inspection of the post and its activities in the course of his visitation to the meeting here.

Membership in the local post now numbers 643, according to the reports at the meeting. Commander Robert Fox said 80 more are needed to reach the post's quota. It was also noted that membership was "ahead of last year at the same time," Vernon A. Haar, New Oxford R. 1, was accepted as a new member.

A highlight of the meeting was presentation by the auxiliary of a \$50 "birthday check" to the post. Auxiliary President Mrs. Edith Bushman made the presentation to Commander Fox.

## CRALEY OPENS OFFICE IN P.O.

Richard F. Myers, press representative for Cong. N. Neiman Craley, of the York-Adams-Cumberland District, today announced that an office will be opened in Room 202 in the Gettysburg post office on March 12. It will be staffed on the second and fourth Fridays of the month by Robert Kane, the congressman's administrative assistant. Craley will be at the office on Fridays when congressional business permits.

Myers said the service here will be extended if the public desires it. This is the first office in the district opened by Craley, other than the York office.

Those having business with the congressman may phone his York office collect, Myers said. A telephone will be installed in the local office in the early future.

The Gettysburg office will be open from noon until 9 p.m. the second and fourth Fridays of the month.

## 3 SERVICES PLANNED FOR PRAYER DAY

The World Day of Prayer, sponsored annually by the Gettysburg United Church Women, will be observed locally with three services Friday afternoon and evening, the afternoon meetings to be held at the Trinity United Church of Christ, E. High and S. Stratton Sts., and the evening meeting at the YWCA on the square.

The guest speaker for the 2 o'clock meeting will be Mrs. Kay Mackley, Frederick, Md., who for 25 years has given herself to numerous volunteer capacities in church and community work, including 10 years as organizer and adit advisor of the Frederick County Christian Youth Council. Most of her career has been spent in newspaper and public relations work for The Frederick News, Church World Service, Hood College and Frederick Memorial Hospital. Mrs. Mackley served as chairman of Christian Social Relations for Frederick Council, United Church Women, and secretary for the United Church Women of the state of Maryland.

## LT. GOVERNOR OF KIWANIS SPEAKS HERE

Paul H. Kunkle, Chambersburg, lieutenant governor, division 13 of Kiwanis International, spoke on "The Freedom of an American," at Monday evening's meeting of Kiwanis at the Holiday Inn.

"What is this freedom we have and are endeavoring to build?" he asked. "There is too much loose talk about this. Freedom is not license. It means discipline. We are up against a rough and ruthless enemy. Too many of us are trying to get the other fellow to carry the burden. We doubt that enough of us are exerting our will to be free."

Kunkle added: "We are not living in a day when there is time for power politics; this is a time for high statesmanship. If we are going to continue to live in a society that is not controlled by the state, we are going to need to emphasize the fact that freedom is not free."

### INDUCTS MEMBER

Stressing the emphasis Kiwanis gives to support of churches and religious principles, Kunkle said: "Faith fosters freedom and without faith there can be no freedom. We must never let anything become a substitute for church membership and support of the church. We must give primacy to the human and spiritual values rather than the material aspects of our culture."

As part of his official visit to the local club, Kunkle inducted William H. Yohe Jr. as a new member of the club. He also presented an addition to the club banner recognizing 100 percent completion of payment on a pledge made to the district building fund.

Edwin Kann, president of the Gettysburg Kiwanis Club, presented Clyde Markle with a tab or a pin recognizing eight years of perfect attendance.

### "STAG" TONIGHT

Gettysburg Country Club will hold its monthly stag meeting this evening at 8 o'clock at the clubhouse. Paul Hoover, chairman of the refreshments committee, will be in charge of the buffet. A board of directors' meeting is scheduled for the same time.

## 2 PROMOTIONS ANNOUNCED AT MT. ST. MARY'S

Rev. Carl J. Flives, academic dean at Mount Saint Mary's College, Emmitsburg, today announced the appointment of Dr. John W. Richards, professor of

DR. J. W. RICHARDS

physics, as chairman of the department of science. He succeeds Rev. Dr. John C. Gordon, professor of chemistry and department chairman, who retired after

PROF. R. R. LAUER

many years.

Father Gordon, a native of Houtzdale, Pa., came to the Mount in 1922 to study for the priesthood after having been associated with industry for several years as a chemist. In 1919, he received a Bachelor of Science degree from Pennsylvania State University. In 1924 and 1925, respectively, he received a Bachelor and Master of Arts degree from the Mount. Later he received his doctoral degree from the Catholic University of America, Washington, D.C.

### RECENT TRIBUTE

In a recent tribute published by the college, it was stated that in over 40 years of service "he has assisted a legion of medical doctors and dentists in reaching their goals" in choosing positions as research scientists, chemists, biologists and other technological positions. He has persuaded many to follow other pursuits but above all has endeavored himself to scores for his advice and through his friendly availability to one and all.

## 26 Known Dead In Montreal Apartment House Explosion

MONTREAL (AP) — Rescue workers and investigators dug today through the steaming, smoking ruins of what had been a three-story brick apartment building, leveled by an explosion that claimed at least 26 lives.

Chunks of rubble were lifted away by rescuers looking for persons still missing.

As many as 50 persons were injured by the blast in suburban LaSalle at breakfast-time Monday.

Detective Raymond Bourbonnais said 11 adults and 15 children were known dead.

### 17 IDENTIFIED

Only 17 had been identified by midnight. The exact number of missing was not certain.

Authorities suspected the building's natural gas heating system caused the explosion.

A woman told police she had gone to the building Sunday night to visit her sister and brother-in-law and told them, "This place smells as though it's full of gas."

Mayor Lionel Boyer of LaSalle said he had asked the Quebec Natural Gas Corp. to make

## Lions Give \$25 To Heart Fund

The Gettysburg Lions Club gave \$25 to the Adams County Heart Fund at its regular meeting Monday evening at the Varsity Diner.

A film on "Big Game Hunting in Wyoming" was shown by Dr. Ray Drum recounting his and Grover Thompson's experiences hunting antelope, elk and deer during eight days in Wyoming. They left Gettysburg on October 13 and returned October 22.

Plans were made for a ladies' night program at the Altland House, Abbottstown, March 15. Zone Chairman Cloyd Shetter announced a zone meeting at Cashtown Community Hall for next Tuesday. The Gettysburg Lions will attend this next week in place of their regular meeting.

Guests were present from Biglerville and Gettysburg. There were 54 in attendance at the meeting which was presided over by President S. M. Rafensperger.

## FEBRUARY HAD RARE SURPLUS OF RAIN HERE

With a little more than four inches of rain to its credit, February became the first month since last April with a surplus of rainfall.

Last month was the fourth consecutive month of February with below normal temperatures but it was the mildest of the four. It was warmer than January and warmer than February of last year when 25.5 inches of snow were dumped on Gettysburg. Last month saw less than one inch of snow.

The rainfall measurement for February was 4.04 inches and that is 1.56 inches above normal. It puts 1965 above normal for rain fall during its first two months by 1.26 inches. The total for January and February is 6.66 inches. January was about a third of an inch short of normal but that shortage was more than offset in February.

### 8 DAYS OF RAIN

The average temperature last month was just under freezing at 31.03 degrees and that was 2.57 degrees below normal. There has not been a "warm" February here since 1961.

The temperature range last month was from 9 above zero on February 5 and 23 to a high of 66 degrees the afternoon of February 8. Daily high readings averaged 40.46 degrees and the daily lows averaged 21.6 degrees. The average temperature in January was 28.19 degrees and that was 4 1/2 degrees below normal.

Measurable amounts of rain fell on only eight days. The heaviest was on Sunday, February 7 when 2.13 inches were measured. Another inch was added on February 24 and 25. Fog was recorded on four days.

### COMMUNION AT COLLEGE

Observance of the Lenten season at Gettysburg College will begin on Ash Wednesday with two open Communion services in Christ Chapel. The first Communion will be held at 7 a.m., and the other that evening at 7:15 o'clock. The college chaplain, the Rev. John W. Vannorsdall will be the officiant.

## JURY BOOSTS DAMAGE GRANT FOR BOWLING

An Adams County jury Monday afternoon awarded J. Leslie Bowling, Fairfield R. 2, \$12,000 as damages to his property in Freedom Twp. caused by construction of the new Route 15 around Gettysburg.

Bowling's land is located at the intersection of new Route 15 with old Route 15, just north of the Maryland line. The new road cut through Bowling's property, cutting off one end of it from the remainder, and took 1 1/2 acres of his 116-acre farm.

The jury acted on an appeal made by Bowling from the report of the board of view which last December held the damages totaled \$8,000.

Howard J. Bowman, Littlestown R. 1 factory worker who was the foreman of the jury, told the court that the jury had figured into its verdict interest on the money since the time that the land was taken from Bowling in 1961, and as a result no "detention damages" were listed.

### ESTIMATES VARY

Estimates of damages given by the witnesses varied from a low of \$7,400 to a high of \$21,000. Both figures were given during the afternoon. Mr. Bowling, the closing witness for his side of the case, claimed his property was worth \$52,000 before the taking of land for the road, and worth \$31,000 afterward, a difference of \$21,000. B. A. Wagner, York realtor, who was the Commonwealth's lone witness, held that the property was worth \$38,000 before the taking and worth \$30,000 after the new road had gone through; thus the new road caused \$7,400 damage to Bowling's property.

There was much questioning on the value of front footages of land in the area, and the answers of the experts called seemed to be that it would vary from \$10 to \$12.50 a front foot.

## FRANKLIN TWP. BOARD DELAYS TAX DECISION

Franklin Twp. school directors at their March meeting Monday evening decided to await joint board action on the wage tax vs. the present occupation tax after discussing the subject with County Commissioner Harrison Fair.

The county commissioner attended the school board meeting at the school at Cashtown and Mr. Fair explained the thinking of the county commissioners in deciding to ask school district to drop the occupation tax in favor of a wage tax. He said the wage tax is working in other parts of the state, mentioning Huntingdon County specially. He admitted that the commissioners had not made a survey of Adams County to determine if the wage tax would work here. Complaints about the occupation tax brought the commissioners' action, he said.

The Franklin Twp. board voted to include \$1 per pupil for educational television in next

## RAUDAUBAUGH IS PRESIDENT OF JAYCEE UNIT

Willard Raudabaugh, who has served as state director for the chapter during the last year, was elected president of the Upper Adams Junior Chamber of Commerce at its meeting Monday evening in the former Arendtsville fire hall.

Raudabaugh will succeed Robert Reed as president March 29 when he and other new officers will be installed at the annual Awards Banquet to be held by the chapter in the Cashtown Fire Hall.

Other officers named Monday night were John H. Weber Jr., first vice president; Harold Ditzler, second vice president; Kenneth Baltzley, secretary; Edwin J. Baker, treasurer; and Robert Grubbs, Mervin Welkert, Sterling Kint and Mac Lott, directors.

### SELBY TO INSTALL

Edwin J. Baker, chairman of the awards night banquet said the new officers will be installed by Richard Selby, Littlestown, national Jaycee director from Pennsylvania. The principal speaker will be Grover Gouker, Hanover, past state president of the Jaycees and past national vice president.

# Space Craft Explodes On Launching Pad

CAPE KENNEDY, Fla. (AP) — A 10-story-tall Atlas-Centaur space rocket exploded on its launch pad today as it was about to blast off in an attempt to hurl a model of the Surveyor space craft toward a make-believe moon.

The big rocket had barely struggled inches off the concrete - and - steel pad when it erupted into a massive fireball which sent flames and a huge cloud of black smoke hundreds of feet into the air.

Flaming fragments and blazing propellant from the shattered \$9-million rocket sprayed several hundred yards in all directions. The approximately 80 members of the firing crew were protected inside a reinforced blockhouse several hundred feet from the pad.

**NO INJURIES**  
The Flight Control Center said there were no injuries to personnel.

The launching was to have been an important rehearsal for gently landing a "live" Surveyor spacecraft on the moon next autumn to determine if the surface is strong enough to support astronaut expeditions.

The Atlas - Centaur was to have propelled the dummy spacecraft toward an empty spot in the sky 248,000 miles away where the moon will be next fall.

# NOVENA OPENS ON THURSDAY

The first of two discussions on low-rent housing for senior citizens will be held by the group Thursday afternoon at 2 o'clock at a meeting in the YWCA.

The Annie Danner Club will hold a business meeting this evening at 7:30 o'clock at the YWCA.

Members of the YWCA who have not yet voted for members of the board of directors and for a nominating committee are asked to do so now. The polls will close Wednesday evening at 5 o'clock. The ballots will be counted Thursday by the tellers, Mrs. William Coleman, Mrs. Bess Kapp and Miss Martha Lantz, and reported to the board of directors at their meeting next Monday.

Mr. and Mrs. James Myers, Charlottesville, Va., spent the past week with Mr. and Mrs. John Sherman, Cashtown.

## Conservation Bd. OK's Project 70

The Adams County Soil and Water Conservation District Monday evening voted to favor Project 70 for Adams County and authorized a letter stating such action to Dr. Maurice Goddard, Harrisburg.

The local unit discussed plans for a long-range planning program for the county in which potential natural resources, soil, mineral, water and recreation facilities may be listed. Other agencies, which may be affected by the program, will be invited to participate in the studies, according to Harrison G. Fair, member of the board. He said that a number of related agencies are expected to establish and adopt such long-range programs.

# ENGAGEMENTS

MISS SANNI

Mr. and Mrs. Martin L. Sanni, R. 4, have announced the engagement of their daughter, Janette Marie, to Richard Barry Trostel, son of Mr. and Mrs. Richard Trostel, Biglerville R. 1. Miss Sanni, a 1964 graduate of Biglerville High School, attended York Junior College. Her fiancé, a 1962 graduate of Biglerville High School, is a junior at Wake Forest College, N.C.

No future plans have been made.

MISS SWISHER

Mr. and Mrs. Jay Swisher, Arendtsville, announce the engagement of their daughter, Fannie Mae, to A/2C Zenis K. Goshorn, son of Mr. and Mrs. Zenis K. Goshorn, Fairfield R. 2.

Miss Swisher is a graduate of Biglerville High School in the class of 1964 and is employed at Jiffy Manufacturing Co., Hanover. Airman Goshorn attended Gettysburg High School and is now stationed at Cape Charles, Va.

A July wedding is planned.

## Johnson-Moser

Mr. and Mrs. John W. Moser, 67 E. Stevens St., announce the engagement of their daughter, Diana Carole, to Michael David Johnson, son of Mr. and Mrs. Lester Vernon Johnson, Seattle, Wash.

Miss Moser graduated from Gettysburg High School in the class of 1961. She resides in Binghamton, N. Y., where she is employed as a secretary for General Precision, Inc., Link Group. Her fiancé is a graduate of Franklin High School, Seattle, in the class of 1960. He is now serving in the U. S. Navy and is stationed at Norfolk, Va.

An August wedding is being planned.

# OPPOSITION TO CAR INSURANCE

HARRISBURG (AP) — Legislation aimed at making automobile liability insurance a must in Pennsylvania was back in committee today amid a heavy barrage of opposition, apparently killing it for 1965.

The measure was recommended Monday to the House Insurance Committee, just one week after being reported out of the Committee on Motor Vehicles and Highway Safety.

Most legislative observers interpreted the move as killing the bill, but others said it meant only that the insurance committee wanted to look it over.

The action came as the National Association of Independent Insurers, representing more than 200 independent insurers, circulated a pamphlet calling for defeat of the measure that would make liability insurance mandatory before the state Revenue Department could issue anyone an auto registration card.

The association listed four major reasons why such a bill would be doomed to instant failure—because it would cost millions of dollars to administer, because it would create an unnecessary government bureaucracy, because it would not protect responsible citizens, and because it would increase the cost of automobile liability insurance.

# HUGE SCHOOL AID BILL GETS COMMITTEE OK

WASHINGTON (AP) — The House Education and Labor Committee today approved President Johnson's \$1.3-billion school aid bill, designed to help both public and parochial schools.

Overriding nearly solid Republican opposition, the committee Democrats sent the bill toward a House vote, probably late this month, by a vote of 23-8.

Two Republicans joined the 21 committee Democrats in voting for the bill.

**MOST WILL SHARE**  
Most of the money is to be spent on schools serving children of low-income families, but 90 per cent of the nation's school districts would share in the \$1 billion authorized by the bill for that purpose.

Other sections of the bill would provide textbooks and library books for both public and private schools, create supplementary education centers for use by all children in a community, and strengthen educational research.

**SETTLED SQUABBLE**  
Final approval today came after committee Democrats settled a squabble among themselves over the formula for distributing the \$1 billion to the schools. The administration proposed giving each school district half its average per-pupil cost for each child from a family with an annual income of under \$2,000. There are about five million such children between 5 and 17 years old.

To this, the committee added a provision that children from families on welfare, where the welfare payments boost income over \$2,000, would also be counted. It would add 237,000 children to the eligible number, and increase the cost of the program by \$63 million.

# COUNCIL VOTES

(Continued From Page 1)  
Hull reported that 20 street lights had been increased in power from 1,000 to 2,500 lumens.

Councilman George Naugle said the term of Victor Re on the board of appeals under the building code will soon expire. He was instructed to make a recommendation at the next meeting of council.

Winebrenner asked permission to dig a well on the recreation field. He reported on the cooperative service with the National Park Service and the use of water softeners on some well water. Council deferred action to await a study of the town's water system.

A stop sign was ordered placed on E. High St. at the intersection with S. Stratton St.

## OTHER BUSINESS

McCoy reported renovation of an alley north of Breckenridge St. He said all except two householders on Breckenridge St. now are able to park "off the street." The two owners were present at Monday's meeting and council President Philip M. Jones told them, "We will not drop this of now; we will continue to study it and try to work something out for you. Bear with us for 30 days."

An ordinance banning parking on both sides of Breckenridge St. passed last month had been held up in enforcement until arrangements could be made for parking in the area.

The highways committee advertised for bids for blacktop, "300 tons, more or less." Councilman John Welshonce suggested that perhaps council should also ask bids for supplying gasoline to the borough. The highways committee was directed to report at the next meeting.

Welshonce asked council to consider erecting a sidewalk along the Taneytown Rd. from Steinhew Ave. to the borough line.

An ordinance granting a non-exclusive right to Bill H. Warren to install a Community Antenna Cable TV installation was rescinded, and immediately a new ordinance was adopted granting "Gettysburg TV Cable, Inc." the same rights. The change was made, Hull said, because the first ordinance granted a right to an individual while Warren is now operating as a corporation.

Approval was given for the expenditure of \$500 for five street streamers and six center pieces for the borough's decorations.

## Ike Will Tell LBJ Differences If Any

PALM DESERT, Calif. (AP) — Former President Dwight D. Eisenhower says that if he differed materially with the administration's Viet Nam policy and had facts to substantiate those differences he would communicate them directly to President Johnson.

"I have conferred with him in the past," he told a news conference Monday.

Eisenhower and Ray C. Bliss, chairman-elect of the Republican National Committee, met with newsmen after a weekend of talks.

Word has been received here of the sudden death last Saturday in Baltimore of Fletcher F. Steele, 2105 Southland Rd., who was the husband of Mary Dutera Steele, a former resident of Adams County. She was a sister of the late V. W. S. Dutera, Baltimore St.

Service were held at 11 o'clock this morning in a Baltimore funeral parlor. Interment was private.

# ROTARY HEARS

(Continued From Page 1)  
Eldercare would place a much lower tax load on the younger people who will have to bear the burden for the needy over 65 citizens, he explained.

More than 60 per cent of the elderly people of the nation have already protected themselves against the illness through health insurance and prepayment plans, Dr. Griford said.

He said Eldercare would be an increase of the Kerr-Mills Medical Assistance for the Aged program now in operation. He said Pennsylvania has the best Kerr-Mills program of any state. He noted that under the MAA-Eldercare program assistance would be given on need, "as determined by a simple statement of income. There are those who say that a request for a statement of income is degrading. Well about this time of year we are all providing a statement of income to the federal government in connection with payment of our income taxes and while I have heard complaints the taxes were too high, I have not heard anyone complain that the statement was degrading." He noted that under both Kerr-Mills and the proposed Eldercare "we are not talking about care for paupers, we are talking about care for average people. Those receiving it may have, if married, gross income per year of up to \$3,940, plus \$500 for each dependent they have living with them. Their home, household furnishings, car, insurance are not considered as part of their financial means. And they may have, in addition to home, household furnishings, car and insurance other property up to \$3,940 in worth and still be eligible for Eldercare and Kerr-Mills aid. And if their income and other assets are above those figures, the state still pays partial benefits."

Dr. Gifford said Medicare provides for care only in nursing homes "having an arrangement with a hospital." Of the 25,000 nursing homes, he said, only 1,500 could qualify. In addition, he said Medicare could be granted only to hospitals and nursing homes approved by the Secretary of Health, Education and Welfare. Eldercare benefits go without any such qualification.

## SUES ON DEBT

An action in assumpsit has been filed by Virginia Vaughn, Emmitsburg R. 3, against Leslie Michener, 129 Chambersburg St., to recover \$700 and interest which, according to the complaint, she lent to him March 1, 1962. The claim, which was filed for the plaintiff by Daniel E. Teeter, alleges that Michener agreed orally to begin repayment of the loan in March, 1962, and that he would repay the entire amount during the year from his earnings. The complaint states further that "the defendant has refused and neglected" to pay any portion of the principal and interest.

by the borough in the future. He noted approximately \$3,400 was obtained in interest during the last year.

Councilman Welshonce suggested that council issue a special parking permit for delivery trucks, plumbers and repairmen by which they could pay an annual fee and then be able to park at will in metered zones.

At present repairmen must either "feed the meter" or secure meter bags. Deliverymen have a right to park while unloading, but councilmen said many would prefer to pay a reasonable fee. Mayor Weaver said a survey showed 110 trucks are used in the town daily for delivery.

## LAUD WINEBRENNER

Councilman Welshonce spoke of the poisoning of dogs in the borough and expressed the fear that the poison may get into the hands of children. Mayor William G. Weaver and Police Chief Jack Bartlett both said the police force

has been generally advised to keep a look out in connection with the poisonings. Mayor Weaver said that since similar poisonings have taken place in other parts of the county "it is not only a local problem."

Mayor Weaver asked council to consider replacing the present duplicating machine, bought in 1957 with a larger and improved model that could make more copies. The matter was turned over to committees.

At the conclusion of the session council President Jones expressed the appreciation of council to Borough Engineer Leroy H. Winebrenner for his 40 years of service to the borough as an engineer. Mayor Weaver promised to issue a proclamation marking the occasion and the Women's Civic League presented Winebrenner with flowers.

Winebrenner presented a map of the borough showing extensions of the borough lines and streets built during his period of service. The mayor was asked to have the map framed and placed in the council room.

## MATH TEST FOR 169 STUDENTS ON THURSDAY

One hundred sixty-nine students in four Adams County high schools will participate in the annual High School Mathematics Examination for the Secondary Schools of the U.S. and Canada being conducted for the 16th year under sponsorship of the Mathematical Association of America and the Society of Actuaries.

The exam will be given Thursday morning to 97 Gettysburg High School students, 28 at Delone Catholic High School, 25 at Fairfield Joint High School and 19 at the New Oxford High School.

Invitations to participate were issued to all seven high schools in the county and to nine high schools in Cumberland by Dr. M. Scott Moorhead of the mathematics department at Gettysburg College, who is chairman for this area. Four Cumberland County high schools will enter the contest.

The purpose of the examination is "to create and to sustain interest in mathematics among the students of our secondary schools. Supplementing the important regular classroom work, it attempts to broaden and deepen basic mathematical concepts," Dr. Moorhead said.

Awards will be presented to the winning schools in each region and to the winning student in each school.

The examination will be given in each participating school during the first two periods of Thursday morning. The examination is a multiple choice type but the scoring is planned to discourage guessing. The math department of each school proctors the test. The three highest answer sheets from each school are sent on for higher competition.

## 3 SERVICES

(Continued From Page 1)  
of the National Association of Negro Business and Professional Women's Clubs, Inc., presented Mrs. Mackley with a certificate of recognition "for outstanding service to the community." Recently she represented the United Church Women of Maryland at the United Nations Seminar held in celebration of the 20th anniversary of World Community Day.

A children's service will be held at 3:45 o'clock conducted by Miss Marion Shears. All elementary school children are invited.

Among the participants at the evening service to be held at the YWCA at 7:30 o'clock will be Mrs. Cyrus Bossmann, Mrs. Adam Mewers, Mrs. Elwood Hoffman, Mrs. Harry Baker and Mrs. Glenn Hess, pianist.

Taking part in the afternoon service will be Mrs. Howard Fox, Mrs. David Blocher and two women at the piano, Mrs. Glenn Simpson and Mrs. John MacPhail.

**SPECIAL OBSERVANCES**  
Members of the World Day of Prayer committee, who also will participate in these meetings, are Mrs. Cyrus Bucher and Mrs. William Coleman, cochairmen; Mrs. Paul Cooper, Mrs. Earl Shears, Mrs. Richard Smith, Mrs. Paul Reaser, Mrs. Horace Waybright, Mrs. Russell Morgan, Mrs. William Waltemeyer, Mrs. Adrian Martin, Mrs. Byron Gilmore, Mrs. S. Blaine Miller, Mrs. Sterling Adams and Miss Lois Kadel.

Other plans for the day include special observances conducted by local groups at the Pope Convent Home, Cross Keys Brethren Home and the Adams County Home and county prison. A "Call to Prayer" will be placed on hospital trays inviting all patients to take part in this worldwide observance of prayer.

Chimes will be sounded beginning at 1:30 p.m. at the Lutheran Seminary, continuing with chimes from the tower of St. James Lutheran Church and concluding at 2 p.m. with hymns from the Trinity United Church of Christ.

Khe harbor.

Col. Nguyen Kim Khanh, commander of the 41st Vietnamese Air Wing, said the raid on Quang Khe was ordered following the discovery that massive amounts of arms and ammunition were being smuggled into South Viet Nam from North Vietnamese ports.

The three raids last month followed Viet Cong attacks on U.S. personnel and installations and were considered retaliations for action against the United States. With the raid today, it appeared that political decisions had been taken in Washington to escalate the air war against the Communist north.

## Blue, Gold Banquet Held By Cub Pack

Fifty-eight attended the Blue and Gold banquet held by Cub Pack 160 Friday night at Christ Lutheran Church.

David Sulouff and Stephen Moore were presented with the Wolf badge. Brent Smith received the gold and silver arrow; William Reinhardt received the Lion badge, golden arrow and dinner award; Barry Reinhardt received the assistant dinner award. First-year pins were presented to Bruce Richardson, Robert Weaver, Donn Enggren and Barry Reinhardt.

Melvin Sargeant presented the pack charter to Dr. Robert W. Koons, pastor of the sponsoring institution. District Scout Field Executive Stanley C. Rogers spoke briefly. Entertainment was provided by a 14-year-old magician, Gary Durrett, of Baltimore. The invocation was given by Dr. Koons.

## MISSIONARY SPEAKS HERE

On Monday evening at the quarterly meeting of the Lutheran Church Women of Christ Lutheran Church, the Rev. and Mrs. George M. Walborn, and their two daughters gave a joint presentation of their work and life in Argentina.

A missionary of the board of world missions of the Lutheran Church in America, the Rev. Mr. Walborn has just completed his second term of service as a pastor in Tandil, about 250 miles south of Buenos Aires where the Church of the Good Shepherd and its parsonage were dedicated last November 29.

Mrs. Walborn and their daughters showed dolls consumed to represent the various nationalities in their synod. Included were the South American gauchos and the lady gauchos, Latvians, Hungarians, Slovaks, Estonians and Swedes. They also showed the plain white uniforms worn by the elementary children in the church school. The young girls were dressed in colorful Argentine costumes. The Gettysburg women were shown how to brew a traditional drink, a kind of tea made from the leaves of a tree grown in the northern part of Argentina.

**ADOPT BUDGET**  
Pastor Walborn showed slides depicting the natural beauty of Argentina, some of the church work being done and several church buildings including the new one dedicated last November. He also showed slides of church camps and many phases of Argentine life.

The Walborns have, in addition to their two daughters, two older sons who are students at Gettysburg College. The Walborns are presently living in Gettysburg but will return to the mission field at the end of their furlough when Pastor Walborn will serve the Messiah congregation in downtown Buenos Aires.

Preceding the program, Mrs. Harold Dunkelberger presided over a business meeting during which the annual report and the budget were accepted. Mrs. Edwin Freed and Mrs. A. W. Butterfield were selected as delegate and alternate, respectively, to the Synodical Lutheran Church Women's convention to be held here in April. Mrs. Edwin Freed and Mrs. Dexter Weikel led devotions and members of Circle IV were hostesses for the fellowship which followed the program.

## UPPER ADAMS

(Continued From Page 1)  
space is not available in the Upper Adams System and said that special applications would have to be submitted for state approval for rented space. The board discussed the program but took no action.

Hudson reported that the television reception is excellent at the Bendersville school after erection of a 60-foot tower. Bids have been requested from each dealer in the local area for six television sets for the school system.

**HOLIDAY MARCH 19**  
March 19 will be a school holiday to permit teachers to attend an evaluation workshop. Hudson presented a tentative school calendar for 1965-66, which lists school opens September 8; Thanksgiving vacation, November 25-30; Christmas vacation, December 24-January 3; a holiday on Good Friday, April 8; Senior class trip, April 28-30. May Day will be held May 6 and commencement, June 2. School will close June 8. The calendar included six girls' hockey games.

Mrs. Alice Heller, school nurse, reported 126 cases of measles during February, 25 more cases than last month, two cases of mononucleosis and one infectious hepatitis. Three hundred twenty-two pupils received first aid for illness or injury.

Hudson said that substitute teachers were paid over \$1,000 during the month because of illnesses of the regular teaching staff.

Bills were approved for payment in the amount of \$69,259.16, including \$40,300.42 for payroll, \$10,811.09 retirement fund and \$1,150 for electricity. The treasury balance February 26 was \$346,155.13.

## DISCUSSES JOB TRAINING ACT

Individual training is the most feasible for Adams County under the manpower development and training program Ronald Baltzley, management bureau of the State Employment Service, told members of the Adams County Guidance Association Monday evening at a meeting in the Gettysburg High School. The group is comprised of local guidance counselors and in-training counselors.

Baltzley said the program offers three types of training for unemployed, under-employed and persons needing to learn new skills. He said the industrial training program is not practical for small communities because of the lack of positions to be filled. He did not detail the program for on-the-job training locally.

"After a need is established by the local employment office for a particular type of personnel, applicants take aptitude tests. The state and federal offices approve the program," he explained. The Department of Public Instruction is responsible for establishing the course content, he added, "or it may approve an already established school." He explained that a local advisory committee of responsible citizens approves the proposed training programs.

Richard Straup, chairman of the career conference scheduled for April 14, announced that the evaluation meeting for the group will be held April 22.

## TO HOLD RITES IN FATAL CRASH

Funeral services for James David Schildt, 26, Thurmont, driver of the car which crashed into a tree Saturday at 9 p.m. two miles east of Waynesboro, will be held at 11 a.m. at the Creager Funeral Home, Thurmont, conducted by Rev. Martin A. Case. Interment in the Keysville Cemetery.

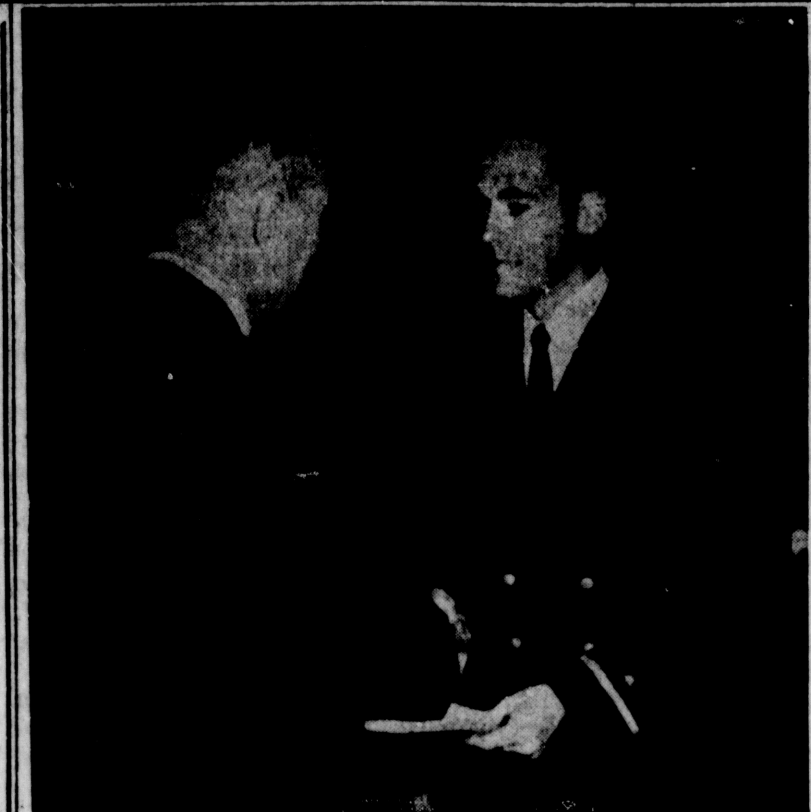

Also killed instantly in the accident was Harold Brow, 26, also of Thurmont. Schildt was a son of Raymond W. and Maude Mort Schildt, Thurmont, and husband of Nancy Singlet Schildt. He was employed at the Claire Frock Co., Thurmont. Surviving, besides his parents and widow, are two children, Tony M. and Robin Lee, at home; a sister, Mrs. Helen Smeak, Taneytown, and three brothers, Edward, Thurmont; Raymond Schildt Jr., with the U.S. Air Force in Japan, and Wayne, with the Air Force in Florida, and his stepgrandmother, Mrs. Mabel Mort, Union Bridge.

## Wedding

**Maus-Riley**  
Miss Nancy Marie Riley, daughter of Mr. and Mrs. Charles C. Riley, 12 Wade Ave., became the bride of William Clair Maus, 27 Hanover St., son of Mrs. Mabel Maus, 141 Willis Lane, York, and William O. Maus, York, at St. Francis Xavier Catholic Church Saturday afternoon at 3 o'clock. The Rev. Fr. Joseph Kealy, pastor, performed the double-ring ceremony.

The church was decorated with white gladioli and palms. Mrs. George F. Eberhart, the organist, played the traditional wedding music.

The bride wore a street-length dress of white lace over pink with short sleeves. A circled tiara of pearls held her shoulder-length veil of silk illusion. She carried a colonial bouquet of white carnations and mums.

Miss Patricia Sanders, 127 S. Stratton St., cousin of the bride, the maid of honor, wore a two-piece blue dress and a white hat with a short veil. She carried a colonial bouquet of white carnations and mums.

John E. Maus, 160 E. Middle St., brother of the groom, served as best man and the ushers were Charles C. Riley Jr., brother of the bride and James Sanders, cousin of the bride.

The bride's mother wore a two-piece suit of green knit with black accessories. The groom's mother wore a lavender dress and hat with beige accessories.

A reception was held at the home of the bride following the ceremony. The couple will reside at 27 Hanover St.

The bride graduated from Delone Catholic High School in 1964. The groom attended Spring Grove Area High School and will be employed by Simpson's Steel.

**Two Soldiers Are Injured In Crash**  
Two soldiers from Fort Ritchie were injured in an accident Saturday at 10:50 p.m. on Route 16, 10 miles east of Waynesboro, according to local state police.

James E. Bough, 22, of Christian, Ill., failed to stop at a stop sign at the intersection of legislative route 10123 and the state route and struck the side of a car operated by William R. Slemmer III, 20, of Emmitsburg.

Bough suffered lacerations and bruises of the body and Slemmer sustained lacerations of the head, face and body. Both were removed to the Fort Ritchie hospital in the Blue Ridge Summit ambulance.

Damage to the Bough car was \$100, and to the Slemmer vehicle, which was demolished, \$3,000.

NEW YORK (AP)—The stock market nudged slightly higher early this afternoon, ignoring headlines about the latest raid on North Viet Nam.

Trading was fairly active but the pace was slower than Monday's six-million-share rate.

Gold mining shares and other nonferrous metals were ahead pretty solidly.

Autos were mixed despite plans this month for the largest production in the industry's history.

## COURT WON'T GIVE DIVORCE

The Adams County court on Monday handed down an opinion ruling that a decree in divorce cannot be granted Myron Lee Kadle, Orrtanna R. 1, from Thelma Leotta Hackenberg Kadle, Macungie, "on the present record."

Kadle, who has been stationed on Okinawa since April 30, 1961, is seeking the divorce on grounds of infidelity. The court held testimony of a deputy sheriff of Lehigh County that Mrs. Kadle was living in a hotel apartment under the name of Thelma Lindtner, and has a small child, was no proof. Nor was testimony of the sheriff that he saw a birth registration listing the mother as Thelma Hackenberg Lindtner and the father as Frank Lindtner.

The court ruled concerning a listing of births in the Evening Chronicle of September 5, 1964, stating that a son was born to Mr. and Mrs. Frank Lindtner, that "a newspaper report cannot be accepted as legal proof of the happening of an event."

Signed statements by officers in Okinawa that Kadle's service record showed him to have been in Okinawa were dismissed because "they do not exclude the possibility that he might have been in the United States without authority during that period. Furthermore there is nothing to show that the defendant was not in Okinawa at some time during the period."

and, as with the Legion post, it was reported that "membership is ahead of last year for the same time."

Mrs. Edna Hartzell, music director for the auxiliary urged all to write Assemblyman Francis Worley to vote to have "Pennsylvania" named as the state song.

Mrs. Bushman reported a hospital bed and two wheel chairs currently available among the hospital-type equipment provided by the auxiliary to families of the area. She also reported the annual magazine drive, proceeds from which go toward purchase of additional such equipment, as "in progress."

The auxiliary authorized the Red Cross to use the auxiliary room in the American Legion building March 4, 11 and 18. Red Cross Secretary Robert McCrorie explained that during the three nights a special course will be conducted for school teachers who have already passed the advanced Red Cross first aid course. The three night sessions will qualify them for certificates as Red Cross first aid instructors.

Further plans were announced for a rummage sale to be held in the auxiliary room March 26 and 27. Mrs. Mary Fridinger was appointed chairman for the Easter meeting of the auxiliary, to be held April 12. Mrs. Dorothy Pinko will be chairman of the hostess committee for that session.

Members of both the auxiliary and the post praised House Manager J. Bernard James for his work in refurbishing and repainting the grill of the Legion home.

The contract for the erection in Arendtsville of a new Lutheran parsonage was awarded Wednesday to Messrs. Slaybaugh and Pittenbarger of Biglerville, at a bid of \$2,346. It will be 30 x 32 cased in brick, will be two stories in height and have eight rooms and bath.

Both sides of the suffrage question were presented at a meeting of the Gettysburg WCTU held at the home of Mrs. Kate Wolf Wednesday afternoon. Mrs. Charles F. Sanders read some anti-suffrage literature and Mrs. Milton Remmel told of Miss Willard's early efforts for suffrage. Others also took part.

Monday morning a full force of men were put to work on the battlefield and twenty-six hands will be employed from now until late fall. A large amount of work is waiting to be done — gutters to be opened, loose stones to be picked up, and to be pounded down. This year all of the iron work on the field will be repainted. Cannon, cannon balls, the iron signs at the sides of the avenues and other work will also be gone over. This is done every two years. The fences were painted last year. The observatories are painted every four years. All of the bronze tablets on the field will undergo their annual polishing, a task that requires many days in itself.

The first payments recommended by the Mothers' Pension Board of the county will be made this week when seven women will receive \$5 each. The payments will continue monthly. The State pays one-half and the county the balance.

York Springs is emerging from one of the most general epidemics the town has had for many years. No less than fifty citizens of that borough have been ill with a severe form of La Grippe which is of an infectious character and has spread with remarkable virulence over the town. In some homes every member of the family has been sick at one time. The physicians have been very busy coping with the condition and there seemed to be no way to stop the spread of the sickness until it had literally spent itself and taken all available victims.

The sale of J. Korr Left in Cumberland township on Friday reached a total of \$2,626. The highest price paid for a horse was \$148 and for a cow \$60.30. A pair of mules brought \$228. Shots sold as high as \$6.50. L. N. Lightner called the sale. L. U. Collins was the clerk. Attendance about 400.

## Today's Talk

**THE FAULT FINDER**  
There is one individual whom none of us likes to encounter — the habitual fault finder. Nothing ever seems to be going right with such a one, so he tries to pass on his disgust or dissatisfaction. He buries his possible initiative and usefulness and tries to get followers — but he rarely does. People avoid him and dislike to meet him at any time.

Sad to relate, such an individual is often found in a family. He is usually the nonproducer! He finds fault with others. He gives the impression that he can do any job better than the next fellow, but never does. He just scolds and nags.

There is the business fault finder too, who makes a big fuss about minor errors, thus discouraging an otherwise willing worker. He gives no encouragement, when just that would oil up everything and create a sunny day out of a dark one. Many an otherwise fine worker is lost to a fault finder who might have had an enthusiastic cooperator.

A child should be taught, not scolded. Children are sensitive individuals and keenly feel the cutting words driven their way through fault finding. Don't shave no place in the training of a child. Tell them what to do, correcting them kindly, when in error. Even a dog understands the value of kindness and helpful correction.

Many a boy has left home because of persistent fault finding. Encouragement is what this world needs more than almost anything else. And it is so easy to give, and the results are often miraculous. Even the persistent fault finder resents being found fault with.

I knew of a famous man who was found fault with so much at his home that he left it. He became wealthy and influential in the city that he had adopted. The remembrance of that fault finding always saddened him, but it made him more tolerant toward others, and his kindness was felt all about him among his hundreds of helpers in the many successes that he created through his courage and ability. Don't argue with the fault finder! Silence is a wonderful antidote. It never fails.

### FOE INDUCTS 60 MEMBERS; GETS AWARD

Over 60 new members were initiated in honor of District Director Edward L. Warner and the Littlestown Aerie of the Fraternal Order of Eagles received national recognition as a "bell ringer" during the class initiation of the FOE on Sunday afternoon at the Eagles' home.

Thurston Putman is the current president of the Eagles in Littlestown. This award was presented for the last two years by the grand aerie. The trophies were received by Past President Robert A. Teal and District Director Warner.

The Littlestown aerie is one of a select number among the 1,600 aeries in the United States and Canada which has qualified for national honors for the two years.

### BUFFET AND DANCE

A "bell ringer" aerie must have fraternal programs, civic service projects, youth activities, participation in a national Eagle program and sports and recreation program. Important requisites require a "bell ringer" aerie to equal a net gain monthly in membership, have active committees and conduct social activities for the families.

Approximately 225 attended the initiation, buffet luncheon and dance which followed. The rituals for the initiation in honor of Warner were performed by the York degree team, Pennsylvania state champions. The principal speakers were Past National Conductor and Past Pennsylvania State President Steven Thomas, McKeesport; state Chaplain Newton G. Baublitz, York; state Trustee William B. Menges, Hanover, and District Director Warner from Littlestown. Music for dancing was provided by the Electrons.

The committee, in addition to the chairman, includes Mrs. C. Donald Bowser, Mrs. Donald C. Feiser, Mrs. Robert R. Reinman, Mrs. A. G. Ealy and Mrs. Richard A. Little Jr. The next meeting will be held on Monday, March 29, with all members of the expanded committee.

### Prison Labor Is Revenue Producer

WASHINGTON (AP) — Federal prison labor produced a \$4-million dividend for the U.S. Treasury last year.

Atty. Gen. Nicholas Katzenbach reported Monday that the dividend brings to \$59 million the total turned over to the Treasury since 1946.

The directing corporation, Federal Prison Industries, Inc., operates 55 shops and factories in 23 institutions. Katzenbach said all sales are to other federal agencies, and the work is diversified to make competition with private enterprise negligible.

### Will Face Trial After 39 Years

ROCHESTER, N.Y. (AP) — A trial has been ordered for a 54-year-old man, confined nearly 39 years in a mental hospital, who was charged in 1926 with first-degree murder in the death of a young boy.

Chester Weeks was declared capable Monday of standing trial in Monroe County court. Weeks was accused of smothering George Pecorara, 7, Jan. 12, 1926.

Weeks was ruled incapable of standing trial and ordered committed April 7, 1928. He was then 15 years of age.

## White House Guards Get New Stations

WASHINGTON (AP) — White House guards will soon maintain their round-the-clock vigil in new temperature-controlled sentry stations.

For 30 years guards have alternately sweated and shivered in somewhat shabby watch posts that lacked air-conditioning in the summer and had only electric foot-warmers for winter.

Now the National Park Service is preparing to build 13 new security and surveillance booths on the White House grounds at a cost of \$129,106. Completion is scheduled in October.

## Federal Civilian Payroll Decreases

WASHINGTON (AP) — A congressional group reported today that the federal civilian payroll dropped by 21,759 in January.

The Senate-House Committee on Reduction of Non-Essential Federal Expenditures fixed the January figure at 2,464,012 persons.

The decline included 18,211 Commerce Department employees, hired on a temporary basis to take the 1964 census of agriculture.

## LITTLESTOWN SCOUTS WIN

About 500 attended the Mc-Cohas Girl Scout Neighborhood rally Saturday in Hanover.

In the competition for entries at the Penn Laurel Council event in York next month, St. Matthew Lutheran Church's Cadette Troop 701, Hanover, took first in exhibits: Littlestown Community Center's Cadette Troop 957, second, and Littlestown Brownie Troops, 966, 768 and 1043 third. Brownie Troop 736 of Conewago School will be the alternate.

In the demonstrations division, Junior Troop 733 of Annunciation of the Blessed Virgin Mary Church placed first; Littlestown Community Center Junior Troop 763, second, and Annunciation Church's Cadette Troop 730, third. Alternates are Annunciation Church's Junior Troop 737; Littlestown Community Center Junior Troop 976, and Brownie Troop 717, Grace United Church of Christ.

The Scouts donated a total of \$98.09 for the Juliette Low gathering.

## CHINESE SHOW OWN PRODUCTS AT TRADE FAIR

LEIPZIG, East Germany (AP) — The Red Chinese have returned to the Leipzig industrial fair after a three-year absence with an exhibit showing what they can do without foreign help.

The motto seems to be "our own production" or "our own steel" or "our own technicians."

The visitor enters the exhibition hall through a colorfully decorated archway and faces a giant tapestry portrait of Mao Tse-tung. A slogan beneath says that the Chinese people, led by Mao, worked toward building socialism on the basis of their "own initiative."

The word "own" is repeated in describing every product exhibited, machines, electronic microscopes, heavy machine tools and communications equipment, for example.

One poster says 95 per cent of China's rolled-steel products have come "out of our own production."

A large part of the exhibit was devoted to food products — "Great Wall" canned corned beef, roast duck and braised chicken, to list a few.

## FOOD EXHIBIT

"They have nothing to eat themselves and they show up here with this food exhibit," said one East German.

"They just have a big mouth" another commented. "They produced the things you see here just for this exhibition. They haven't got anything else."

The Red Chinese are the only exhibitors who cite their military efforts in propaganda posters.

"A modern people also develops modern weapons," one poster read, apparently referring to Peking's efforts to produce nuclear weapons.

MILLERSVILLE, Pa. (AP) — Defending champion Mansfield State College and Kutztown meet Wednesday night at Bloomsburg State College for the NAIA Dist. 19 basketball championship and a berth in the NAIA tournament at Kansas City later this month.

Mansfield defeated Eastern Baptist 103-52 and Kutztown beat Millersville 78-71 in Dist. 19 semifinal games here Monday night.

ST. LOUIS, Mo. (AP) — John C. Roberts, 67, a former St. Louis newspaper and radio executive, died Sunday of cancer. He was vice-president of the old St. Louis Star-Times Publishing Co. in the 1940s and was general manager of radio station KXOK, which the newspaper started in 1938. He had been president of a property holding and management firm since 1954 after the Star-Times was sold to the St. Louis Post-Dispatch.

## GIVE NEWS OF CHRIST CHURCH

The sanctuary and Lenten seasonal offering envelopes were distributed during the Sunday worship service in Christ United Church of Christ. The offering given through these envelopes will go toward the building fund and should be returned at the Easter Communion services.

On Sunday the sermon was delivered by the pastor, the Rev. G. Howard Koons, Earl H. Teal Jr. was acolyte. The choir sang the anthem "The One Hundredth Psalm." The altar flowers were placed by the Altar Guild. The bulletins were presented by Mrs. Mary L. Bridendolph in memory of her father, Charles W. Good, and her mother-in-law, Mrs. Elizabeth Bridendolph.

Mrs. Clair R. Markle, Mrs. Irvin C. Markle, Mrs. Alice Bair and Mrs. Charles Krenzer will be leaders for the monthly meeting of the Women's Guild Wednesday at 7:30 p.m. in the church. The consistory will hold its March session at the church at 7:30 p.m. on Wednesday. The choir will rehearse at 7:30 p.m. Thursday. A meeting of the catechetical class will be held at the church at 1:30 p.m. on Thursday.

Ruth Koons was leader at the meeting of the Christian Endeavor Society of Christ Church on Sunday evening. The program opened with group singing, accompanied by Nancy Koons; the program continued as follows: Scripture, Earl Teal; prayer, Richard Berwager; offertory piano solo, Barbara Sheely; "Carol E. Shoemaker showed slides of the dedication of the site of old Christ Church and marker, the Schlatter Oak, the Hanover bicentennial and scenes of the surrounding area; song: Lord's Prayer and C. E. benediction. The society will meet again next Sunday at 7 p.m.

## PISTONS WHIP ROYALS, LUCAS

By THE ASSOCIATED PRESS  
Jerry Lucas' homecoming was a Buckeye ball — until the Detroit Pistons crashed the gate.

The Pistons, driving for a National playoff spot, ripped Cincinnati 130-110 Monday night at Columbus, Ohio, despite an outstanding performance by the Royals' Lucas, the city's favorite son.

The former Ohio State All-American, playing his second game after being sidelined three weeks with a chest injury, scored 20 points and grabbed 18 rebounds. But the Royals were hopelessly behind when he fouled out with a little over five minutes remaining.

Reggie Harding, with 24 points and 14 rebounds, led the way as the Pistons moved to within 2½ games of third-place Baltimore in the race for the final Western Division playoff berth. Ray Scott had 21 points and Detroit player-coach Dave Deusschere 18.

## Playwrights See Play Rehearsed

MINNEAPOLIS, Minn. (AP) — The Minnesota Theater Company is adding experimental productions of new plays to its schedule.

Four one-act plays by young authors are being given rehearsal performances. "The purpose," explains Prof. Arthur Ballet of the University of Minnesota drama division which is collaborating on the program, "is to give a playwright the opportunity to see his material brought to life under the most professional conditions possible."

## Mechanical Aids Added To Sculpture

NEW YORK (AP) — Sculpture doesn't always just sit quietly in museums and get looked at, any more. Some sculpture moves and makes sounds as visitors nudge the works or press buttons or throw switches.

Steelways, a publication of the American Iron and Steel Institute, calls the phenomenon "synesthesia," meaning hearing stimulated and accompanied by illusions of color and seeing stimulated by sound.

## Shippensburg, Waynesboro Clash Tonight On College Floor In District Playoff

Another capacity crowd is expected to jam the Gettysburg College gymnasium tonight when Shippensburg and Waynesboro meet in a first-round game of the District 3 Class A basketball playoffs. The game will start at 8 o'clock.

Shippensburg, which won the Blue Mountain League title by whipping Gettysburg Saturday to earn the playoff berth, will again run into a problem of overcoming a height disadvantage and will be forced to rely on its usually fine outside shooting and speedy shifting zone defense.

Waynesboro, Tri-State League champions with an 11-1 record and an overall 18-3 mark for the season, has a high-powered scoring machine sparked by Steve Stitley, 6-3 Senior, who has landed 423 points to date.

Craig Armour, 6-5 Senior, gives Waynesboro the tallest player in the game. Other starters for the Indians will include Bob Noll, 6-1 Sophomore; Craig Bailey, 5-10 Senior, and Jim King, 5-8 Senior.

**HOUNDS 21-3**  
Shippensburg enters the game with an overall season record of 21-3.

Two of its players finished in the top 10 in the Blue Mountain scoring with John Wyrick, a 5-9 Senior, taking the individual scoring title with 376 points in 18 games. Bob Yocum, 5-11 Junior, finished ninth in the scoring with 228.

In addition to Wyrick and Yocum, the starting Greyhound team will probably include Jerry Tanner, 5-11 Senior; Bill Burke, 5-8 Senior, and either Randy Pelka, 6-2, or Ron Mellott, 6-2, both Juniors.

Admission at the door tonight will be \$1 for adults and students.

## CROWD HONORS PLAYER KILLED IN ACCIDENT

LOGAN, Utah (AP) — The late Wayne Estes, Utah State's basketball All-America, was honored during halftime ceremonies Monday night as his teammates scored a final 72-66 victory over Portland.

A crowd of 6,159 jammed into the Utah State fieldhouse to watch the game and pay their respects to Estes, who was electrocuted in a freak accident Feb. 8.

As the buzzer sounded for halftime with Utah State leading 37-33, the crowd turned its attention from the floor to the seats occupied by Estes' parents, Mr. and Mrs. Joe Estes and their 11-year-old son Ron, from Anaconda, Mont.

**AP POSTHUMOUS AWARD**  
Mrs. Estes was presented in behalf of her son The Associated Press All-America first-team award. Robert Myers, Associated Press chief of bureau in Salt Lake City made the presentation. It was the first awarded posthumously by The AP.

Joe Estes received several other awards for his son. University President Daryl Chase presented to Estes' young brother the ball that the 6-foot-6 senior had used to score 48 points in the last game of his life.

Those 48 points boosted Estes' career total to 2,001. He was the first Allie ever to reach that mark, and the 18th player in history to score over 2,000 points during his college basketball career.

It was after that last game that Estes brushed his hand against a high-voltage wire knocked from a utility pole by an automobile. He was killed instantly.

## WHITEY FORD TOSSES A FEW; HIS ARM TIRES

By BOB GREEN

Associated Press Sports Writer  
Whitey Ford threw for a while and wasn't sure whether his arm hurt or not, Roberto Clemente's phone was busy so the brass doesn't know whether he's a holdout or not even if he is so classified and what about Nick Willhite who may have to have an appendectomy and will it affect the deal with Los Angeles?

As usual at this stage of game, more questions than baseballs were up in the air at the major league training camps Monday.

In the Yankee camp, ace lefty Ford threw for five minutes, rested a while, then threw five minutes more.

**MANTLE FEELS FINE**  
"I'll admit my arm felt tired after throwing about 40 pitches," said Whitey, who had an operation on his pitching arm during the off season. "The blood circulation didn't seem to be right. So I threw about 35 pitches more the second time."

Two of them Mickey Mantle busted out of the park. Said he felt fine.

In Pompano Beach, however, left-handed Washington pitcher Willhite remained under observation for an ailing appendix and should know today whether an operation is necessary.

**CLEMENTE MISSING**  
Willhite is on trial with the Senators. He was purchased conditionally from the Los Angeles Dodgers and an operation could affect conditions of the sale.

And in Fort Myers, Clemente officially was classified as a holdout. He wasn't around for the opening of Pittsburgh's first spring training session. Roberto, who led the National League in hitting with a .339 average last season, isn't under contract.

General Manager Joe Brown tried to call him at his home in Puerto Rico. The line was busy. Brown said he'd try again. He did. No luck. No luck on a third try, either.

Brown said he'd send him a telegram.

## VANDERBILT DOWNS AUBURN IN NCAA TILT

By DICK COUCH

Associated Press Sports Writer  
Vanderbilt has captured its first Southeastern Conference basketball title and Notre Dame has won a trip to Lubbock, Tex., swelling the NCAA championship field to 16 teams.

Vanderbilt's 79-64 victory over Auburn and Florida's 58-56 decision over Tennessee Monday night wrapped up the SEC crown for the fifth-ranked Commodores, who draw a bye into the semifinals of the NCAA Midwest Regionals at Lexington, Ky.

**Notre Dame "eliminated"**  
Creighton 92-74 and was awarded the final at-large berth in the 23-team field despite a so-so season record of 15-11. The Irish will meet Houston, 18-8, in a first-round game at Lubbock, the winner advancing to the Midwest semis — against the Big Eight champion — at Manhattan, Kan.

## SEVEN UNDECIDED

Seven spots — which will go to conference champions or runners-up — are still undecided, with Wichita, Oklahoma State and Brigham Young a step away from claiming three of them.

Wichita nailed a share of the Missouri Valley Conference title by defeating Tulsa 59-48 and Oklahoma State clinched a tie for its first Big Eight championship with a 69-60 victory over Kansas State Monday night. Tenth-ranked BYU can sew up the Western Athletic Conference race with a victory over Wyoming Friday night.

## MICHIGAN MEETS IOWA

Michigan, the nation's No. 1 team, meets Iowa tonight with a chance to clinch a piece of the Big Ten title, but the Wolverines must win it outright to earn a second straight NCAA spot. The other three tourney representatives will come from the Mid-America, Atlantic Coast and Southwest conferences.

Miami, Ohio, 11-1, and Ohio U., 10-1, are the Mid-America contenders. Duke is top seeded in the ACC tourney, beginning Thursday. Southern Methodist,

sixth annual Red and Black clinic at East Stroudsburg State College. Dick Coleman, Princeton, and Bob Odell, Penn. formerly of Bucknell, round out the college coaches who will serve on the staff.

## Joe Bavaro Heads Bullet Entries In Mid-Atlantic Wrestling Championships

When Gettysburg College plays host for the 27th annual Middle Atlantic Conference wrestling championships Friday and Saturday, the Bullets will enter a stronger than usual eight-man team headed by Joe Bavaro.

Gettysburg pulled down the curtain on its regular season last Saturday in a 5-11 loss to Hofstra. However, the Bullets posted a 9-4-1 record for the season and 157-pound Bavaro recorded his 20th straight dual meet victory. The Long Island native entered the season with six consecutive wins and finished the current campaign with a clean 14-0 slate including 10 pins and one forfeit.

Bavaro wrestled in the 147-pound class last year and finished third after a loss to Temple's Al Lilley. The Bullet ace had defeated Lilley earlier in the season. This year, Bavaro will stay in the 157-pound class to make room for another standout, Scott Higgins. Higgins, only a Sophomore, sailed through the current campaign with an 11-1 record. The lone loss—Al Lilley.

Coach Ray Reidler, in his first season at the Bullet helm, feels he has two other men who could possibly place in the 1965 tournament. These include 123-pound Doug Wight, Westfield, N. J., and Jeff Alnwick, 177-pounds from Merrick, N. Y. Wight has shown tremendous improvement over the years and this season posted an 8-2 record. Alnwick, also a Senior, will enter the tourney with a 6-4 record.

Others expected to perform in the MAC's are John Wallach, Suffern, N. Y., 134-pound Sophomore; Jake Seitz, Lewisberry, 137-pound Sophomore; Toby Mullin, Amityville, N. Y., 167-pound Junior and Joe Egresitz, Harrisburg, Sophomore heavyweight. Reidler indicated that he may send Sophomore Bill Andrews, Roosevelt, N. Y., in place of Mullin in the 167 event. Wallach finished the regular season with a 7-4 record; Seitz is 4-7; Mullin 4-5; Andrews 4-5-1, and Egresitz 1-6.

This year's tournament marks the sixth time Gettysburg has conducted the affair, more than any other school in the MAC's. Through the years, the Bullets have copied nine team championships, more than any other team. Gettysburg won't be regarded as a power when the championships open on Friday, but the Bullets may have a couple individual titlists.

## 2 RECENT WINS KEEP MICHIGAN IN TOP BERTH

By BEN OLAN

Associated Press Sports Writer  
The UCLA Bruins are continuing their spirited pursuit of the Michigan Wolverines in The Associated Press' college basketball rankings. But time is running out for the West Coast team which is seeking to finish on top for the second straight year.

Michigan was the runner-up to the Bruins last season. In this week's poll, the next-to-last one of the year, the Wolverines collected 31 first-place votes and 399 points while UCLA had four votes for the top position and 382 points.

Points were awarded on a basis of 10 for a first-place vote, 9 for second etc. and the balloting by 41 regional experts was based on games through last Saturday.

## 3 MORE GAMES

Michigan upped its record to 19-2 last week, just managing to sneak past Illinois 80-79 after defeating Minnesota 91-78. UCLA won handily over Stanford 83-67 and California 83-68 for a 22-2 mark.

The Wolverines have three games remaining in regular season, against Wisconsin tonight, Minnesota Saturday and Ohio State next Monday. UCLA closes its campaign this weekend with back-to-back matches against Southern California.

St. Joseph's, Pa., held third place. The Hawks have a 24-1 slate after beating LaSalle 93-85 last week. Providence, although it lost its first game of the season, 71-57 to Villanova, remained in fourth place.

The Top Ten, with won-lost records through Saturday, Feb. 27, and total points:

1. Michigan	19-2	399
2. UCLA	22-2	362
3. St. Joseph's, Pa.	24-1	321
4. Providence	20-1	326
5. Vanderbilt	20-3	203
6. Minnesota	17-4	146
7. Davidson	24-2	136

## WINS \$123,217 TWIN DOUBLE IN MIAMI RACE

MIAMI, Fla. (AP) — Big Herbie Lewis won \$123,217.60 on the twin double at Hialeah Monday and figures these winnings — largest payoff in U.S. thoroughbred race history — "put me a little ahead for the season."

Lewis bets daily. Last year he won \$85,526.40 on the twin double at Tropical Park.

For Monday's winning combination, 7-8-9-8, he invested \$1,640 on two outsiders and two more favored. He had 12 live tickets going into the last half of the twin double.

## LIVE TICKET LEFT

One live ticket was left on the last race. "To save the possibility that Match Wks might lose," Lewis said he bet \$1,200 on the favored A. Deck and \$800 on a 14-1 chance, Native Rhythm. A. Deck was second and paid \$3.40 and \$2.60.

Match Wits won and paid \$8.40 to finish the ticket which included Conquering in the fourth, \$67; and Ann in the sixth, \$38.40.

The previous high at a thoroughbred track was \$108,242.80 won last Thursday at Hialeah.

Obviously relieved with his big bonanza, the 230-pound, 6-foot horseman said, "I'd been a little behind. But I'm going to keep playing, you bet."

## Delone-McDevitt Meet At Trinity Saturday Night

Delone Catholic and Bishop McDevitt will meet Saturday evening at 8:15 on the Trinity Catholic High School floor at Shiremanstown for the championship of the Central Penn Catholic League.

Arrangements for the title game were made at a meeting of school officials Monday afternoon in York.

Delone captured the second half title Saturday by downing a McDevitt team made up of jayvees after Mariano DeFilippo, McDevitt coach, had suspended six regulars for disciplinary measures which brought on a barrage of criticism. The action virtually gave Delone the second half title and eliminated Shamokin Lourdes, twice victorious over McDevitt in regular season play. McDevitt was the first half champ.

All of the suspended players were reinstated Monday when they resumed practice.

## BOB PETTIT QUILTS GAME; KERNER SAD

By BOB POOS

Associated Press Sports Writer  
ST. LOUIS (AP) — Bob Pettit, who was to the St. Louis Hawks what Stan Musial was to the baseball Cardinals, announced his retirement from professional basketball Monday.

The announcement came during a news conference at which Hawk owner Ben Kerner broke into tears and could not finish his speech honoring Pettit.

Pettit, an 11-year National Basketball Association veteran, said he hoped to see action in the Western Division playoffs this season. But, he said he wasn't sure he would and added: "We'll know more about that next week when the doctor examines my leg."

## HAS KNEE INJURY

The 32-year-old forward, who was the first to score 20,000 points in the NBA, injured his right knee in a game earlier in the year. He has been sidelined for 22 of the 69 Hawk games this season after 10 years of being known as an iron man in the punishing sport.

The balding, 6-foot-9 Pettit has scored a record 20,841 points in the NBA. He cracked the 20,000-point barrier on Friday, Nov. 13, in Cincinnati.

"I think I could play professional basketball next year and play well," said Pettit, who was Rookie of the Year in 1954 when the Hawks were at Milwaukee.

## "THE CORRECT TIME"

But, he continued: "In my heart, I feel that this is the correct time for me to step aside."

"I have established certain standards for myself and I would never be content to play below my own standards," Pettit said.

Pettit has been named to the all-league team 10 straight times and to the East-West NBA All-Star game every year he has been in the NBA.

## TO LEARN BANKING

Pettit said he wanted to learn the banking business.

The two-time All-America at Louisiana State University is the vice president of a Baton Rouge, La., bank and has other business interests.

"His records convey the great player he was but not the wonderful person he is," said Kerner. Then the Hawk owner broke down and handed his short, typewritten speech to Mike Aubuchon, the Hawks' attorney. Aubuchon finished reading the speech while Kerner sobbed and dabbed at his eyes with a handkerchief.

Pettit, who reportedly makes \$40,000 a year to play basketball, did not say when he decided to retire. It is assumed that his injury played an important part in the decision and Pettit said marital plans "had something to do with it."

Pettit said he had no interest in coaching basketball at either the pro or college level.

## MORRIS BEST PASS RECEIVER

NEW YORK (AP) — Plunker back Johnny Morris of the Chicago Bears was the National Football League's outstanding pass receiver last season, the official statistics confirmed today.

Morris established a league record by catching 93 passes, led in yards gained via the aerial route, 1,200, and tied Bobby Mitchell of Washington and Bucky Pope of Los Angeles for the most touchdown passes received. Each had 10.

Morris broke the standard of 84 passes caught established by Tom Fears of Los Angeles in 1950.

Mike Ditka, another Bear, was the 1964 runner-up with 75 receptions. He was followed by Frank Clarke of Dallas, 65;

## ORNDORFF IS BOLTS' TOP CAGE SCORER

Cocaptain Louie Orndorff topped the Littlestown High School basketball squad in scoring during the recently completed season with 260 points on 110 goals and 40 foul conversions, for a 14.4 per game average, according to statistics compiled by Don Feesser, sports publicity director.

Other individual scoring was as follows:

Bob Smith, 64 goals, 45 fouls—173; Bruce Crouse, 50-43-143; Jim Blocher, 52-36-140; Neal Leister, 51-21-123; Bernie Noble, 49-11-109; Bob Weaver, 18-9-45; Terry Pottoff, 5-1-11; Alfie Stover, 4-1-9; John Burgoon, 3-1-7.

The Thunderbolts, with a 2-10 record, tallied 1,620 points to their opponents 1,076. They out-rebounded their opponents 740-559 with Smith being the leader with 268, an average of 14.9 per game.

Letter winners include the following: Cocaptains Orndorff and Blocher, Burgoon (service letter), Leister, Pottoff (service), Smith, Crouse and Noble.

The Littlestown reserves also compiled an 8-10 mark. They scored 769 points to the opponents' 807.

## WEBB SELLS HIS SHARE OF N. Y. YANKEES

By JOE REICHLER

Associated Press Sports Writer  
FORT LAUDERDALE, Fla. (AP) — The Columbia Broadcasting System increased its majority holdings in the New York Yankees to 90 per cent Monday and is expected to take over complete ownership in the near future with the acquisition of the remaining 10 per cent now held by Dan Topping.

Industrial tycoon Del E. Webb, co-owner of the Yankees for the past 20 years, bowed out of baseball Monday with the sale of his 10 per cent to the giant network for \$1.4 million. CBS had paid \$11.2 million for an 80 per cent interest in the Yankees last Aug. 14. At that time, CBS had an option to purchase the remaining 20 per cent between March of this year and November, 1968.

The network exercised half its option Monday. A source close to the network told The Associated Press to expect CBS to close out the deal before the end of the year.

# Forget The Hips—It's The Knees That Line Up With Your Target

By KEN VENTURI  
U.S. Open Champion

One piece of golfing advice often misconstrued is the instruction to "keep your hips square to the intended line of flight." With this in mind, people take their eyes off the ball and worry about their hips.

Instead of mentioning hips, I tell all my friends when they stray from the fairway, "keep your knees in line with your target."

Here's why I say that: When you address the ball you cannot see your hips but you can see your knees without taking your head off the spot behind the ball. You move your eyes but the head must remain steady.

To prove my theory on the knees try this: Pull your left knee behind the line of flight or back from your right knee. You will find that making a straight shot is difficult. And if your right knee is back, or not in line with your left knee, this, too, causes distortion in your direction.

Thus, if you look at your knees you don't have to take your eyes off the ball and look at your hips. Just place your knees squarely in line with the intended line of flight. Also put your shoulders in the same line with your knees.

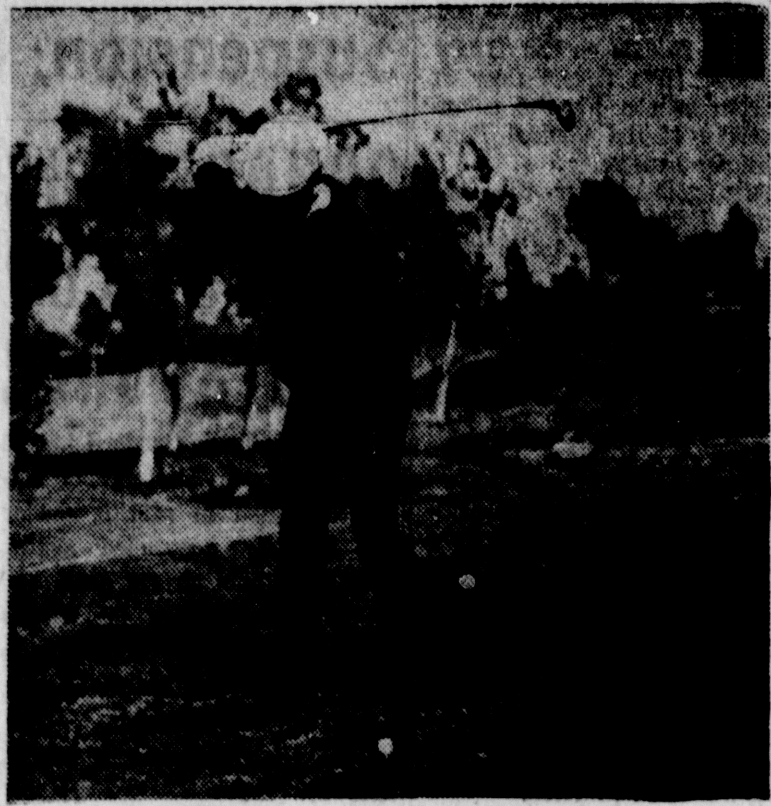

Now when you complete your backswing, there are only two actions which must come simultaneously to make a perfect downswing. If you take either action first, you will hook or slice.

The two actions should bring down simultaneously the heel of the left hand and the heel of the left foot. These movements put you in the proper hitting position.

If the heel stays off the ground and the hands move first, the clubhead will be outside your line, causing a slice. If your hands stay dead and your heel drops first, the clubhead will be inside the proper line, causing a hook or push, depending on how fast you can use your hands.

Done simultaneously, these two movements aid in shifting your weight to give you a strong left side.

Now to emphasize this perfect hitting position you delay your hit just before impact and hold firmly with the left hand. This slight delay will do many good things for your game. It will help you to hit against a strong left side, stay down on the ball longer and assist in the follow through up and over the shoulders. The delay also prevents the average player from becoming over-anxious.

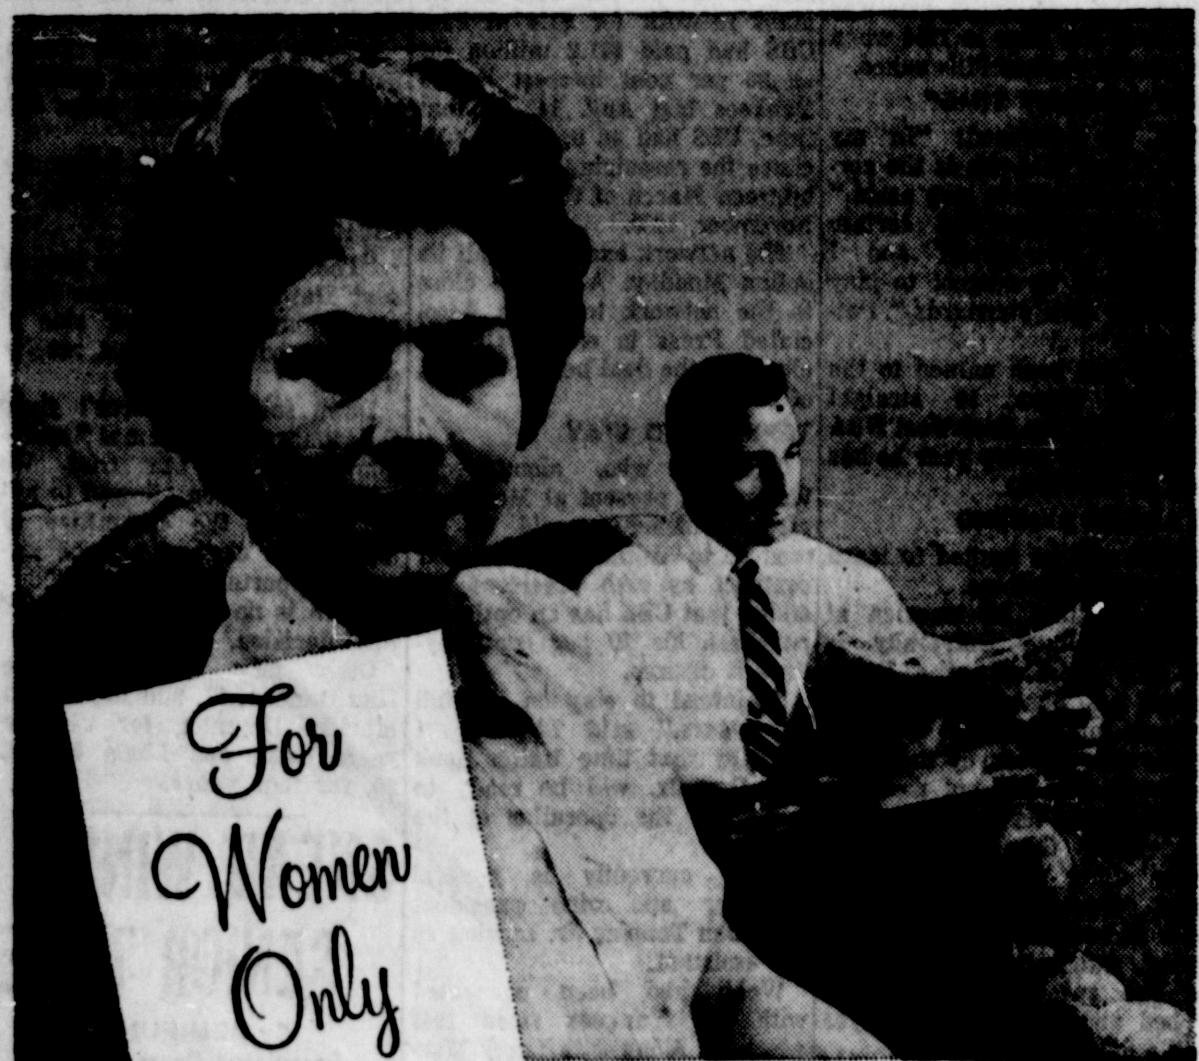

## LINING UP YOUR TARGET

**NOTE LEFT HAND AND LEFT FOOT:** The magic eye sequence camera shows what Open champion Ken Venturi means when he says the heel of the left hand and the heel of the left foot must drop simultaneously to get into the proper hitting position. (1) Shows heel of left hand facing downward with left heel still off ground. (2) Shows heel of left hand about chest high as heel of left foot returns to turf. This simultaneous movement also aids in shifting your weight to the left or strong side.

This is a simple way to attain the grooved swing so necessary to play well. A good swing has paid off for me, and I'm sure it will for you, whether you are a beginner or a advanced golfer.

For Women Only

Should your husband face the family's health security problems alone?

Women make nearly 80% of today's buying decisions. But one of the most important decisions, that of choosing a family plan to help pay doctor bills, is all too often left wholly with the husband. Yet who is more qualified than a woman when it comes to knowing family needs? She budgets expenses. She nurses sick children well again. She runs the house.

The people at Blue Shield believe that family health security is a family matter. Not to include a woman's judgment in a family health plan is like leaving the navigator back at the airport. It's just not as safe as it could be. We'd like to give you the facts that prove there is no bigger bargain in family health security than Blue Shield. Then you can more easily share with your husband in deciding how best to protect your family against unexpected doctor bills.

Write today for full details of low Blue Shield rates and paid-in-full benefits. There's no obligation, and no salesman will call at your home.

## NEW CARDINAL FACES REVOLT OVER DOCTRINE

By GODFREY ANDERSON  
LONDON (AP) — Britain's new cardinal — John Heenan, archbishop of Westminster — faces a revolt among some of his clergy over Roman Catholic attitudes toward birth control.

Last year Archbishop Frank Roberts, a Jesuit who was formerly archbishop of Bombay, criticized Church doctrine in the magazine Search.

Dr. Heenan, who had just become head of the English hierarchy, responded that the Church's present teaching — opposing all but natural birth control methods — was God's law and could not be altered.

### WRITES OBJECTIONS

But Archbishop Roberts has not remained silent. He contributed, along with seven laymen, to "Objections to Roman Catholicism," a book that takes a sharply critical look at some present aspects of Church teaching. Again the archbishop picked the subject of birth control.

He has also written the foreword for an English edition of another collection of essays, published in New York under the title "Contraception and Holiness." This book is described in advance publicity here as a frontal attack on the Church's whole birth control philosophy.

Among laymen, Dr. Anne Biezanek, 36, mother of seven, is fighting her own battle with the clergy by refusing to close a birth control clinic she ran in the heavily industrialized Liverpool area. For six months she presented herself to take communion in her parish church but was passed by the priest. Then she came to London, attended Mass at Westminster Cathedral and received Communion.

### PASTORS BRAVE WRATH

"Whatever happens my clinic will stay open," she says. "I believe I am doing God's work in helping Catholics to limit the size of their families."

Two young pastors braved the certain wrath of their superiors and spoke out on contraception while Cardinal Heenan was out of the country getting his red hat in Rome.

The Rev. Arnold McMahon, 25, teacher in a seminary, wrote in the Birmingham Post:

"I have come to believe that not only do many Catholics use contraceptives — I believe they have the right."

### INTO RETREAT TOO

Now he is in retreat—cut off from the world in prayer and meditation. His order, the Divine Missionary Word, issued a statement disavowing his views.

Father McMahon's plight spurred the Rev. Joseph Cocker, 26, to similar action. He wrote in a Roman Catholic newspaper:

"I completely support what Father McMahon said although I realize I must face the consequences."

He was removed from his Isle of Wight parish, banned from preaching and sent into retreat at Winchester.

## PRESIDENT OF AUSTRIA DIES

VIENNA, Austria (AP) — President Adolf Schaerf, a Socialist who fought both the Nazis and the Communists during his long career, died Sunday. Chancellor Josef Klaus took over his duties until election of a new president, to be scheduled by the Cabinet.

Schaerf, 74, succumbed to a liver ailment aggravated by flu. He was the third Austrian president in a row to die in office. He was elected first in 1957 and re-elected in 1963 to another six-year term.

The functions of an Austrian president are mostly ceremonial but the constitution gives him considerable power. Schaerf's last public function was to welcome the Shah of Iran at Vienna airport Feb. 16. He served as host at the 1961 meeting in Vienna between the late President John F. Kennedy and former Soviet Premier Nikita Khrushchev.

## STEEL WORKERS ON WAGE STRIKE

LEBANON, Pa. (AP) — Ap approximately 900 employees of the Lebanon Steel Foundry went on strike Monday in a labor-management dispute over wages and vacation benefits.

Joseph Shay, corresponding secretary of Local 1975, United Steelworkers of America, said union members voted Saturday to reject the company's latest wage offer.

Shay said the union asked for an increase of 11.8 cents an hour, plus 6.2 cents hourly to cover longer vacations. The company's highest offer, he said, was 6.6 cents and 3.4 cents.

Union officials said the present contract runs until Feb. 28, 1966, but it contains a clause for reopening the agreement prior to March 1, 1965, for negotiation of wages and vacations.

The company manufactures steel castings.

## CBS SHOW ON SUNDAY NIGHT IN TOUGH SPOT

NEW YORK (AP) — A well-acted, thoughtfully written series called "For the People" on CBS raises valid, difficult issues, but as dramatic entertainment some vital ingredients are missing. Some of the other values are rather mixed up.

A couple of weeks ago, for instance, the young assistant district attorney had a criminal charge against a young man dismissed because a confession had been obtained through force. So a man who obviously had committed a crime walked away free — and we were left to ponder whether the ends ever justify the means.

Sunday night, the assistant district attorney was prosecuting a pathetic, mentally ill boy, who had murdered his teacher in a fit of rage. It seemed the real defendants were the boy's well-educated, well-to-do parents who had neglected him and the books, movies and television shows, which the susceptible youth read and watched.

This hardly provided cozy, comfortable relaxation on a Sunday evening. The hero was not heroic — full of human frailties. His boss, the district attorney, is a tired, defeated and cynical public servant who reacts to political pressures.

But whatever its public service virtues, "For the People" probably will not be around after this season. It is shown at the same time as NBC's "Bonanza" where everything is tidy and recognizable.

"Inger Stevens in Sweden," ABC's hour travelogue special Friday night could have been filmed on the back lot of any Hollywood studio. It was a thoroughly unimaginative quick trip to Scandinavia.

na between the late President John F. Kennedy and former Soviet Premier Nikita Khrushchev.

Schaerf had been chairman of the Socialist party until his election and used his influence to help maintain the coalition of conservatives and Socialists that has ruled Austria since the end of World War II. Before his election as president, he was vice chancellor.

## SALT PILLARS SUPPORT ROOF OF MINE 'CITY'

By JAMES NICHOLS  
DETROIT, Mich. (AP) — A ghost-like city complete with its own network of four-lane highways lies 1,000 feet beneath the heart of industrial Detroit, unknown to most of the motor city's 1.6 million residents.

The underground city, with 50 miles of its own roads, is the gigantic salt mine operation of the International Salt Mine Co.

The miners and company officials seldom number more than 100, no more than necessary to convert the mine's sodium chloride into usable salt.

### UNIFORM CLIMATE

Windless and dust free, the underground city has an unwavering climate of 57 degrees and a humidity of 56 per cent the year round.

Driving down one of the mine's unlighted "highways" gives the impression that it's a desolate country road, covered lightly with new snow — that's salt — and cut through a rocky hill.

The ceiling is 25 feet overhead. Mined-out passageways show up in the lowered beams of the truck's headlights.

### BUILDING OVERHEAD

Breaking up the vast area are pillars of salt, 60 by 80 feet, the only supports for tons of rock and city buildings above. Between the pillars stretch the "rooms," 50 feet wide and sometimes several thousand feet long.

The pattern is a complex maze in which a newcomer could easily get lost.

At one end of the mine area pounding machinery grades and grinds the salt as it flows in seemingly endless rivers of white along conveyor belts.

### HEARS TRAINS RUMBLE

At the other end, beneath suburban Melvindale or Dearborn 3½ miles away, railroad trains are heard rattling overhead.

As shifts change, the miners ride large skip hoists which normally lift 10-ton loads of salt to the surface in 70 seconds. Otherwise this travel is done in double-deck circular cages.

Visiting the vast, man-made cavern is a trip to an odd, new world with modern conveniences.

There is giant earth-moving equipment, some pieces with wheels higher than a man's head. There are power substations and underground lunchrooms. A huge, studded wheel in seconds grinds a half-ton boulder of salt into pebbles.

## Morse Comments On Court Ruling

HARRISBURG (AP) — Otis B. Morse, Democratic State chairman, says the Montgomery County Court's ruling of the state community college act as unconstitutional is a poor reflection on the Scranton administration.

"Delay is the most tragic thing Pennsylvania can be burdened with in its critical need to push ahead with educational advancements," Morse said in a weekend statement. "Much of the blame must be placed with an inept attorney general."

Morse charged that the attorney general had "either failed or refused to recognize legal entanglements which probably could have been avoided."

President Judge E. Arnold Forrest of Montgomery County ruled the act unconstitutional last Friday. Dr. Martin Eldersveld, director of community colleges in the Department of Public Instruction, said the ruling would have effect only on Montgomery County.

## WOULD REMOVE QUOTA SYSTEM

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., Monday urged passage of an immigration bill which would remove what he called the discriminatory and repugnant national origins quota system.

In a statement for a House judiciary subcommittee, Scott said approval of the measure is long overdue and a much needed reform of immigration law.

In another statement submitted to the Senate Rules Committee, Scott called for a rules

## GUARD MUSLIM ONE MORE WEEK

CHICAGO (AP) — A tense annual convention of the Black Muslims has ended, but police say they will continue to guard cult leader Elijah Muhammad for at least another week.

Muhammad appeared twice at the three-day convention, both times under heavy police and personal protection. Police feared a possible attack on Muhammad's life ever since the assassination Feb. 21 of black nationalist leader Malcolm X.

The convention's only disturbance, apparently unconnected with Malcolm's death, came Sunday.

A Chicago man, Willie Greer, 30, was hospitalized after Muhammad's karate-trained guards, known as the Fruit of Islam, attacked Greer for allegedly insulting the sect leader about a year ago in the presence of some Black Muslims.

Greer told police, "They don't like me. That's why they beat me."

Moments after Greer was ejected from the coliseum, Muhammad began a 3-hour, 15-minute speech.

"Some newspaper stories raise the question whether Elijah is shaky because of threats," the small, light-skinned leader said. "Muhammad is not shaky," he assured his followers who half-filled the 7,500-seat Coliseum.

NEW YORK (AP) — Eltinge F. Warner, 35, retired publisher of Field and Stream magazine, died Sunday. Warner was active in many groups as a conservationist and had been a director of the American Wildlife Institute.

change which would permit a majority of senators to cut off debate on a bill.

Senate rules now require a two-thirds vote to end a filibuster.

## BOYS ABANDON HOME, MOVE TO PLUSH HIDEOUT

LOS ANGELES (AP) — Three teen-agers from the exclusive suburb of Brentwood have run away from home — exactly 10 feet away — to a cave rich with the trappings of the affluent society:

An air conditioner.  
A television set.  
And an icebox stocked with soft drinks.

Huckleberry Finn and Tom Sawyer would never recognize the hideaway to which Greg Johnson, 14; Warren Zager, 13; and Howie Mutz, 14, ran away — nor, perhaps, the explanation for it.

"We wanted to extricate ourselves from mother and father domination," said Warren.

### CONTINUE SCHOOL

Two weeks ago, after Greg had an argument with his parents, he and Warren decided to run away. But they had a problem: Greg wants to be an architect, Warren an oceanographer — and they didn't want to be too far away from school.

They took sleeping bags, tarpaulins, and transistor radios, went a few feet up the mansion-studded slopes of Mandeville Canyon, and built a cave-like hideaway of sandbags in a niche in the hillside above the Zager home.

The parents didn't exactly approve, but they sanctioned the outing. They even provided food. A pal, Howie, joined the pair.

### ELECTRIC CONVENIENCES

Then an electric line snaked up the hill from the Zager garage. The rebellion lost bitterness, and peace offerings began to appear: a portable air conditioner — it was stuffy in the cave — a portable television set, electric lights, an icebox.

The boys now are taking their meals at home — but they are still sleeping in the hideout to demonstrate their potential for domestic disobedience.

"Dad threatened to cut off the television Saturday," said Warren Sunday. "It grates me."

"Well," said Greg, "We've still proved we're pretty independent."

Howie looked at the power line linking them with parental authority.

"You never can really get away from your parents," he said.

Bob Jones won five USGA Amateur golf championships, all by wide margins at match play.

## A Lovelier You

By MARY SUE MILLER  
Most reducers expect nothing more of a diet than a loss of

weight. But a really good diet performs several other, equally valuable, services.

The ideal regimen encourages sound eating habits, which in turn normalize your appetite. As a result, you stay slim and should never again have to go on a diet.

Meanwhile there is a steady improvement in your skin, hair and energy. For the foods that keep you trim are packed with the stuff of beauty and vim. To exemplify, here's a sample of reducing menus:

Breakfast: Citrus fruit or juice, boiled egg, slice whole wheat toast, lightly buttered, coffee or skim milk.

Luncheon: Chicken bouillon, shrimp marinated in catsup, served on lettuce with fresh cucumber rings; two breadsticks, apple slices topped with wafer-thin sharp cheese, tea with lemon.

Dinner: Vegetable juice cocktail, serving of roast lamb, steamed carrots, chilled celery hearts, thin slice pound cake, demitasse.

Now let's analyze the virtues of those menus. Surely there is nothing about them that smacks of starvation. The foods are varied and satisfying, yet well within a reducer's calorie count. Owing to their high protein and vitamin content, they make for general well-being.

You could lose 10 pounds before Easter, if you patterned your menus on the samples. In the intervening weeks, you'd form the habit of eating—deliciously—for a lifetime of beauty.

## NEW SCHOOL SUBSIDY PLAN READY SOON

HARRISBURG (AP) — One of Gov. Scranton's aides says that a special committee is going to propose a renovation of the state's system of paying subsidies to public schools.

The recommendation will include special provisions for large cities, the aide, A. James Reichley, legislative secretary, said during the weekend.

The renovation will be proposed by the School Finance Survey committee appointed by Scranton. Reichley is a member.

### TO CLEAR COMPLEXITIES

Reichley emphasized that the proposed changes will not drastically alter the formulas of distribution. He said purpose of the recommendation will be to clear the complexities surrounding the system.

There are 20 to 27 different formulas for dispensing the subsidies, depending on different interpretations of what constitutes a separate formula, Reichley said.

The committee hopes to boil this down to one master formula, he said.

### WITH REORGANIZATION

"The new formula will be within the general framework of the existing concept," Reichley emphasized.

This concept, in trying to equalize subsidies, takes into account the number of pupils and the assessed real estate value in a particular school district, with the aim of giving more help to poorer regions.

Reichley said the recommended revisions will not become effective until the 1966-67 school year. The changes would be timed to coincide with the completion of school reorganization.

### READY IN MARCH

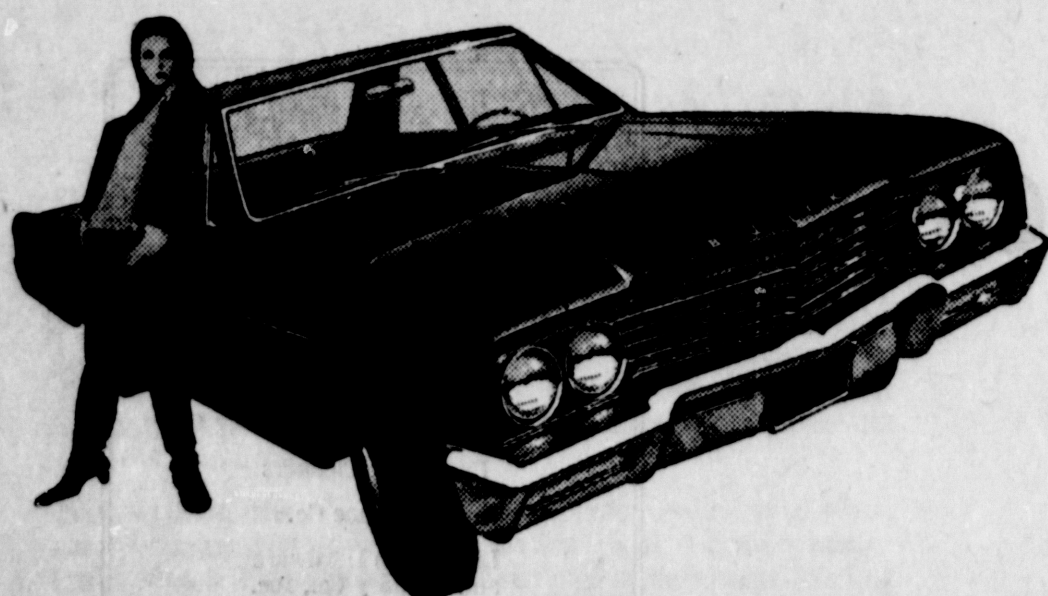

Under a 1963 legislative act, the state's 2,129 school districts will be consolidated into about 500 districts, each with a minimum student population of 4,000.

The committee's report will be ready for a review by Scranton by mid-March, said Reichley. Scranton, chairman of the 12-member committee, is expected to submit the proposals to the legislature for adoption.

## A Bit Of History About Early Settlers

By S. F. M. MacPHERSON

### THE JAMES-KIMMEL BURIAL GROUND

The relationship between Pennsylvania and Maryland is a close one — particularly in the counties, of both states, bordering on the Mason and Dixon line. This is true not only geographically, but also historically and genealogically. Comparatively early in the eighteenth century there was a "sizable" migration of the so-called Pennsylvania Germans into Maryland — as witness the Monocacy Settlement in Frederick County.

Needless to say there were many intermarriages and this led to much visiting back and forth — all of which makes it difficult to separate and determine accurate family relationships. In the majority of cases they are hopelessly intertwined on "both sides of the border." For this reason, if no other, the study of vital statistics, from every angle, is most rewarding. This pertains particularly to church records and burial grounds — not only denominational but public places for interment of the dead as well. However, it is the family burial ground, the little isolated plot located on the top of a hill, middle of a meadow, or the edge of a woods — that provides the most fascinating of all studies.

At one time, in the area now including Frederick and Carroll Counties, Maryland, there must have been at least from five to six or seven hundred family burial grounds. This is conservative estimate. Just about each large tract of land could boast of one — for the pioneer forefathers lived rather isolated lives and churchyards were few and far between. In many cases the distance was too great to allow transportation of the dead to consecrated ground for burial. Therefore — the more convenient family plot.

Today, sad to relate, many of these historically and genealogically important little plots have disappeared — due to man's desire to cultivate the last possible "inch of ground" and plow a straight furrow. Careful search must be made to locate them and the majority — heavily overgrown with trees, wild honeysuckle, ivy poison and briars — are difficult to penetrate. But, once located and studied, they are most rewarding.

In a meadow, on the James plantation, off the old Annapolis Road, near the intersection with the Kimmel Road, is the James-Kimmel burial plot — enclosed by a "dry" stone wall — gateless — about quarter of a mile from the old "mansion house." In this historically important plot, measuring in size some 60 by 60 feet, the burial of the first white person to die in Frederick County, took place. This stems from a fairly reliable tradition.

Neglect and the ravages of time, rather than the hands of vandals, are responsible for the state of this graveyard. No descendant is left, in the immediate vicinity, to care for it. There was a burial made here as late as 1926 but no marker designates its site. All told there are, at the present time, some 13 black slate, or field stones, without inscriptions, marking early graves in the northwest section and center of the plot. There is absolutely no way to determine just who is interred in these graves — apparently the family kept no records.

The earliest marked graves are those of the James family, buried in a row, the second from the south wall. Beginning at the east end — they are as follows:

1. "In memory of — Zealand James — son of — Daniel James — and Margaret Clemson — His wife — Born June 7, 1808 — Died November 7, 1812."

Note: A member of the fourth generation of the James

family in Frederick County, Maryland.

2. "In memory of — John James — The Original Proprietor — Born July 1, 1700 — Died August 1, 1750 — Aged 50 years and 1 month."

Note:—This marker speaks for itself — John James was the first of his line to settle in the land on which the burial ground is located was part of the original grant.

3. "In memory of — Daniel James — son of — John James — Born June 9, 1734 — Died March 9, 1782 — Aged 57 years and 9 months."

Note:—Son of the "Original Proprietor," undoubtedly the eldest, who inherited the family plantation after the death of his father.

4. "In memory of — Lucy James — Born November 3, 1733 — Died January 1, 1827 — Aged 94 years, 1 month — and 27 days."

Note:—The wife of the first Daniel James, who survived her husband by some 33 years. Daniel (2) and Lucy James were the parents of at least three children — namely — the second Daniel James (of the third generation in Frederick County). Colonel Joseph (3) James and Margaret (3) James, who married Henry Poole, from a neighboring plantation. The Pooles, too, have their family burial ground located on land a short distance west of the James tract.

5. "In memory of — Major Daniel James — Born May 3, 1763 — Died August 13, 1838 — Aged 75 years, 9 months — and 20 days."

Note:—A son of Daniel (2) and Lucy James and the grandson of John (1) James, the Daniel (3) James married Margaret Clemson, the daughter of an old Maryland family.

6. "In memory of — Colonel Joseph James — Born June 3, 1765 — Died January 18, 1839 — Aged 83 years and 13 days — Brother to Major Daniel James — Both Natives of this vicinity — Who lived their lives together."

Note:—The second son of Daniel (2) and Lucy James and the brother of Margaret (3) James Poole — who apparently lived at the family homestead, with his brother's family, all of his life. It can be assumed that Colonel Joseph James died unmarried.

7. "In memory of — Major Sir Praby James — Younger son of — Major Daniel James — and his wife, Margaret, daughter of — John Clemson, Senior. — Born December 4, 1809 — Died January 19, 1850 — on this plantation — Aged 40 years, 1 month, — and 13 days."

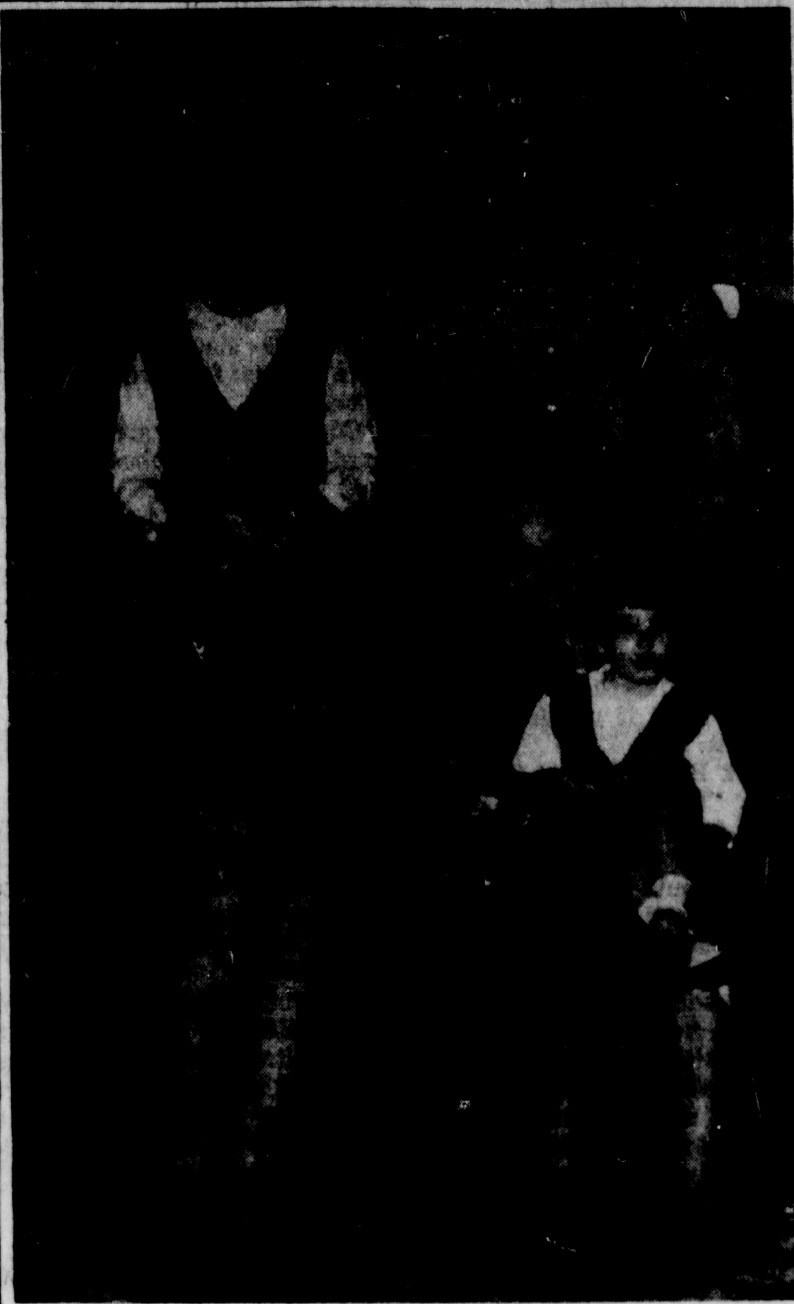

Note:—A son, in the fourth generation of the James family in Frederick County, son of Major Daniel (3) and Margaret (Clemson) James, born and died "on this plantation." Apparently Sir Praby James died unmarried for he willed the family lands to his nephew, the third Anthony Kimmel, the only living issue of his sister Sydney Ann (4) James Kimmel.

The notes on this old family burial plot and the James-Kimmel family will be continued in this column next week.

## BERMAN'S NEW SHOW GIVEN SLIM CHANCE

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — ABC's hastily remodeled late evening program, now called "Nightlife," has acquired a living-room set but the style is a pale carbon of NBC's "Tonight Show."

The business of handling an amalgam of informal conversation, a few musical numbers and a flock of commercials takes a very special kind of ingenuity and talent and comedian Shelley Berman, first of a series of temporary hosts, gave ample evidence Monday night that it is not one of his.

The first 45 minutes of the premiere show was devoted mostly to nervous giggles and half-finished sentences by Berman and a surprise visit by Sammy Davis Jr., who was received with lavish emotion.

There was an interesting visit by Joan Baez, the singer, whose two numbers included a sermon against war.

It looks as if "Nightlife" has a bumpy road ahead.

### CBS GETS HAZEL

CBS confirmed Monday night that it has acquired Shirley Booth's "Hazel" for next season. The format of the show will be changed, however, and Hazel will have new employers. NBC, after three seasons, planned to drop the comedy series at the end of this season.

ABC's Ron Cochran, recently dislodged from his early evening news summary, will remain with the company. He will soon handle three afternoon radio news roundups five days a week.

It's farther into spring than the weatherman would have us believe: CBS has already announced plans to cover the "Miss America" pageant, which as all true Bert Parks fans know, comes on the Saturday after Labor Day.

Charges of widespread voting irregularities in Philadelphia during the race for the Democratic nomination for U.S. senator touched off the investigation.

## Charge Threats Against President

LOS ANGELES (AP) — Francis J. Rodgers, 42, of Sayre, Pa., a seaman, has been arraigned on charges of making verbal threats to kill President John F. Kennedy.

Rodgers was returned to jail Monday after his arraignment when he failed to post \$10,000 bond. No date for a further hearing was set.

Secret Service agents arrested Rodgers last Friday aboard an oil tanker, the SS Washington, docked in suburban El Segundo. Authorities quoted Rodgers as saying he was "just fooling around" when he made the threats in conversation in his home town.

## CRITICIZED ON DROUGHT MOVE

HARRISBURG (AP) — Gov. Scranton was under fire today from four House Republicans for closing down Pennsylvania's forests and woodlands to hunters during the 1963 drought.

The four introduced a resolution Monday calling on the governor to establish a more broad-based method in the future for taking such action.

"The records show that hunters not only are not a cause of forest fires, but actually serve as a patrolling force which results in a decrease in fires," the resolution stated.

Scranton banned hunting during the 1963 small game season because of severe drought and the danger of forest fires.

The measure was referred to committee.

## Want To Extend Track Meetings

HARRISBURG (AP)—A move is on in the Senate to permit the state's four licensed harness race tracks to extend their meetings from 50 to 75 days.

A bill was introduced in the Senate Monday by three Democrats and two Republicans, but it made no mention of increasing the number of licenses available in the state.

Sen. Charles R. Weiner, D-Philadelphia, introduced legislation which would require boxers and wrestlers to be covered by insurance ranging between \$1,000 and \$10,000.

Weiner's bill also would have the promoter, rather than the fighter's manager, pay for the cost of the insurance.

## LAP RAILROAD HAS PROBLEM IN REINDEER

By DICK SODERLUND

GAELIVARE, Swedish Lapland (AP) — The most used tool aboard Swedish Northland trains at this time of year is an ax—not for chopping wood but for killing run-over reindeer.

The bloody business has gotten so out of hand that engineers on the Lapland Iron Ore Railroad are asking shorter working hours. They say they need rest from runs along the "death lines" during which they have to work as butchers, killing maimed reindeer.

A spokesman for the trainmen, engineer Knut Appelqvist, said recently:

### "BLOODY BUTCHERMEN"

"We cannot stand it anymore. We look like bloody butchers when we come back from the line. The ore line and the inland line at this time of year are nothing but large butchering places with bloody reindeer carcasses strewn along the tracks."

"Many of the engine drivers here show mental disturbances every winter and early spring. This problem must be solved somehow."

Everyone agrees that the problem of the reindeer massacres has become one of the chief difficulties facing the Swedish north where, as elsewhere in Lapland, huge herds of the domesticated, short-tailed, brown and white reindeer are kept. Normally antlered animals, the American species of which is called caribou, the reindeer lose their antlers before spring.

### 3,494 LAST YEAR

Last year 3,494 animals were killed by trains. The state rail-

## Singer's Daughter Weds Accountant

LOS ANGELES (AP) — Meredith Lynn MacRae, 20-year-old daughter of singers Gordon and Sheila MacRae, was married in Los Angeles Saturday to Richard L. Berger, 23, of Kansas City, Mo.

Miss MacRae and Berger, an accountant and son of the director of the Starlight Theater in Kansas City, met four years ago when the bride's parents appeared there in a musical.

ways paid out close to \$60,000 in indemnities to Lapp reindeer owners. The per-head compensation is about half of what a Laplander gets if a beast of prey kills one of his reindeer.

Watchmen along the rail lines spend most of their time in the winter cutting off the branded ears of dead reindeer so that the owners will be paid.

In scenes reminiscent of the American old West when herds of buffalo held up the iron horse, some reindeer are run over practically every train trip.

### PASSENGERS COMPLAIN

The trains roll along at about 55 m.p.h. The slaughter usually starts when an engineer is suddenly confronted with reindeer moving along the track. He brakes the train but because of snow alongside the tracks the clumsy, frightened reindeer cannot get clear.

The railways have issued a special leaflet of instructions in how to kill an injured reindeer.

As for the Lapp reindeer owners, they say the trains should go slower. Railway authorities say this would result in schedule-disrupting delays.

Passengers aboard the trains often assail the engineers for having run over the reindeer, some passengers fainting dead away at the bloody sight.

## Penn State "Ready Made" Target In Education Fuss

HARRISBURG (AP) — Pennsylvania State University, the giant among Pennsylvania's colleges, rapidly is becoming a favorite whipping boy in higher education.

Critics chastise the university on a variety of points—its tuition fee of \$525 is too high; it receives \$25 million a year in state tax monies, but the state really exercises no control over how the money is spent.

But nowhere is the university more vulnerable than on the question of its campus centers vs. the new community college system.

### 15 CAMPUS CENTERS

This is the boiling debate in Pennsylvania education these days.

The university now operates 15 campus centers across the commonwealth, and only two weeks ago received permission to establish three more in the western part of the state.

Proponents of the new community college program launched in 1963 but nowhere near off the ground as yet, complain that further extension of the center network would stifle the growth of community colleges.

### ANOTHER GOING OVER

The question received another good going-over at last week's Council of Higher Education public hearings in Harrisburg on a proposed master plan for higher education in Pennsylvania.

What sentiment was expressed was almost unanimous in favor of the community college program and negative with regard to Penn State.

Sen. Joseph S. Clark put it directly on the line. He said: "I should like to urge that Penn State be encouraged to

concentrate its attention and resources on its state college campus . . . and that the community college program be pursued separately. I would not encourage Penn State to expand further."

Dr. Eric A. Walker, Penn State president, tried to accommodate the critics a bit by suggesting that there was room for the centers and the colleges to grow and flourish, hand-in-hand, in Pennsylvania's higher education system.

He even offered the university's assistance in developing academic programs for the colleges and assisting them in training their personnel.

But he added: "I see no valid reason why Penn State should not continue to utilize its commonwealth campuses to offer high level occupational programs, particularly those uniquely related to the professions," he told the council.

Providing low cost post-graduate education for as many of Pennsylvania's college-age students as possible is certainly the vogue in education thinking today.

But Walker hoisted a storm warning that is easily lost amidst the haste and pressure of the community college drive.

The community college seems to be a ready-made answer to a whole variety of current educational problems," he said. His implication was clear — it isn't, not yet, anyway.

State government, from the governor's office to the state board of education, to the legislature, is committed to the community college program.

Penn State is, to use Walker's word, a "ready-made" target in this current debate.

# SCHOOL BUS BILL TO BE REPORTED OUT

By JACK LYNCH  
Associated Press Writer

HARRISBURG (AP) — A proposal to provide tax-supported bus transportation for private and parochial school children was on a high priority schedule today.

The House Committee on Secondary and Elementary Education planned to report it to the floor less than 24 hours after its introduction by three Democrats and two Republicans.

Rep. Martin P. Mullen, D-Philadelphia, one of the sponsors, said next Tuesday has been set for final passage, an unusually swift course for all but emergency legislation.

## PLAN HEARINGS

The apparent aim is to challenge the Scranton administration and the Republican-controlled Senate Education Committee to move faster on the controversial question.

The Senate committee, which has an administration-backed school bus bill under consideration, plans to hold public hearings beginning March 24.

Both bills would require transportation of private school children over established routes, but the House bill adds a section assuring reimbursement to public school districts for the added costs.

## OK JOINT PROBE

Mullen had hoped to introduce a bill to require transportation of all non-public school children who met the distance-from-school requirements in effect for public pupils. But he was unable to find sufficient support.

The House also moved Monday on another major front, approving a joint legislative investigation of alleged illegal practices in the milk industry.

The unanimous vote came three weeks after the Senate initiated and approved the proposed investigation by a 12-member committee, with both houses and both political parties being represented equally.

A group of Western Pennsylvanians lost their bid for an independent House probe or a joint probe by a 20-member committee.

## TO MOVE QUICKLY

Rep. K. Leroy Irvis, D-Allentown, said the Democratic caucus rejected the expanded committee proposal as being "too unwieldy."

The legislature is expected to move quickly to get the committee in operation. The Scranton administration already has begun an executive investigation into allegations published three weeks ago.

In a related development, the Pennsylvania state Grange supported the need for an investigation to weed out what it called the guilty few in the milk industry.

# Would Reward Pleas Of Guilty

HARRISBURG (AP) — Legislation is before the House today that would eliminate the death penalty for defendants who plead guilty to charges of first degree murder.

The bill, introduced Monday, would fix the sentence for such cases at life imprisonment.

Another bill was introduced that would automatically revoke the driver's license of any minor between 16 and 21 convicted of driving under the influence of liquor or buying alcoholic beverages under age.

## DEFENDS COMMISSION

But Grange Master John W. Scott, himself a farmer, in a statement said the best agency to accomplish the aim was the Milk Control Commission.

He attacked those legislators who would abolish the commission and called for more money to step up enforcement of the state's complicated milk control laws.

Abolition of the milk commission now, he said, "would be like doing away with the state police in the middle of a crime wave."

## OTHER HIGHLIGHTS

Legislative highlights: Community colleges — The Scranton administration sent to the Senate a bill designed to correct a section of the 1963 community college bill which was declared unconstitutional last Friday by Montgomery County Court. The legislation simply would remove from college boards of trustees the power to bind sponsoring school districts to contracts.

State police — Col. E. Wilson Purdy, commissioner of state police, appeared before the Senate Republican caucus to outline his policies, particularly on promotions and transfers. GOP Caucus Chairman William Z. Scott said Purdy was invited as part of a newly instituted series of similar meetings to familiarize senators with executive duties.

## SENATE OK'S RAISE

Reapportionment — The Senate unanimously passed and sent to the House a bill to appropriate \$25,000 each to the House and Senate committees responsible for drafting reapportionment bills.

Education — The Senate passed 48-1 and sent to the House a bill to raise the salary of the superintendent of public instruction from \$20,000 to \$30,000 annually.

Holidays — Four House members — two Republicans and two Democrats — proposed a constitutional amendment to prohibit sessions of the General Assembly on eight national holidays as a patriotic example to school children.

# LOPINSON CASE GOING TO JURY

PHILADELPHIA (AP) — Final summations begin today in the seven-week trial of Jack Lopinson on charges of arranging the murder of his wife and business partner.

The case is expected to go to the jury of 10 men and two women late today or Wednesday after Judge Edward J. Griffiths gives his charge.

Testimony ended Monday afternoon and Judge Griffiths rejected a defense motion for a directed verdict of acquittal.

## MONEY TRANSACTION

Lopinson, 27, is charged with hiring Frank Phelan to perform the double murder of Judy Lopinson, 25, and Joseph Malito, 52, in the basement office of Dante's Restaurant last June 19.

Lopinson testified during the trial that Phelan did the murdering on his own. Phelan, who confessed the killings, testified he had been hired by Lopinson.

In Monday's concluding testimony, Mrs. Jean Salvi, sister of Malito, said she withdrew \$15,000 from bank accounts in her name and the money was given to Lopinson for Malito's purchase of a share in Dante's Restaurant.

# ROCKY BACKS DRINKING BILL

By ROBERT T. GRAY

ALBANY, N.Y. (AP) — Gov. Rockefeller stood ready today to sign a bill raising the state's minimum drinking age from 18 to 21 and to veto a measure mandating free tuition for the City University of New York.

The Democratic-controlled Legislature prepared to send him the tuition bill but was uncertain about changing the drinking age.

The Republican governor, who normally declines to comment on how he will act on a bill before it is actually before him, gave his views on the two measures Monday at a news conference.

Rockefeller's pledge to veto a free-tuition bill came under fire later in the day as both houses approved the measure over Republican opposition.

On drinking age, Rockefeller previously had expressed doubts that raising the drinking age would resolve the many problems attributed to the fact that New York has a minimum of 18 while surrounding states set the minimum at 21.

Rockefeller told a delegation from the State Council of Churches Monday that "Because so many people feel so strongly and it is bound to have beneficial effects... I will sign it."

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., has introduced a bill to permit handicapped persons an additional \$600 tax exemption. The measure, introduced Monday, also would apply to a handicapped spouse or dependent. Another phase of the bill would permit a deduction for tax purposes of the cost of handicapped persons of going to and from work.

## PHOENIX, ARIZ. (AP) — The announcement from the Camelback office of the Arizona Bank

was quite clear: "We need the money. Help us relieve the nationwide coin shortage. We'll give you a crisp \$5 bill and a mint-condition Kennedy half-dollar for \$5.50 worth of change. We'll also give you a chance to win a \$25 savings account."

The response was phenomenal. Seven hundred persons brought in a total of \$5,607.75 in change. Broken piggy banks, empty tin boxes and bleach bottles decorated the lobby of the bank.

One person brought in a glass jar with 43 pounds of dimes that counted out to \$790.

Many participants failed to read the notice carefully. They were under the mistaken notion that the bank planned to pay them \$5.50 for \$5 in coins.

However, nobody walked out in a huff and most took their disappointment in good spirit when terms were explained and accepted an even cash exchange for their coins.

## BREAKS FOR HANDICAPPED

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., has introduced a bill to permit handicapped persons an additional \$600 tax exemption. The measure, introduced Monday, also would apply to a handicapped spouse or dependent. Another phase of the bill would permit a deduction for tax purposes of the cost of handicapped persons of going to and from work.

## PHOENIX, ARIZ. (AP) — The announcement from the Camelback office of the Arizona Bank

was quite clear: "We need the money. Help us relieve the nationwide coin shortage. We'll give you a crisp \$5 bill and a mint-condition Kennedy half-dollar for \$5.50 worth of change. We'll also give you a chance to win a \$25 savings account."

The response was phenomenal. Seven hundred persons brought in a total of \$5,607.75 in change. Broken piggy banks, empty tin boxes and bleach bottles decorated the lobby of the bank.

One person brought in a glass jar with 43 pounds of dimes that counted out to \$790.

Many participants failed to read the notice carefully. They were under the mistaken notion that the bank planned to pay them \$5.50 for \$5 in coins.

However, nobody walked out in a huff and most took their disappointment in good spirit when terms were explained and accepted an even cash exchange for their coins.

# TRIO SAYS IT'S EASY TO STOP SMOKING, IF—

EDITOR'S NOTE — A far-flung antismoking pact in Atlanta, Florida citrus industry vs. synthetics, a campaign to relieve the coin shortage in Phoenix, and a "small bottle" move in the Texas Legislature are among this week's vignettes from the U.S. scene.

## ATLANTA, GA. (AP) — Three men who have stopped smoking for more than a year say it is easy to quit if you follow their formula.

Jack Boone, one of the three, said: "It's fairly easy to stay away from cigarettes when you know how expensive that first smoke would be."

Boone and two friends, Don Dubose and Earl Smith, decided last year to stop smoking.

"We tried to think of a penalty that would be stronger than our desire to smoke," Boone said. "We decided that the first one of us who smokes again would pay for a round trip ticket and a dinner for our families anywhere in Georgia."

They put the pact in writing. After several months, they agreed that the penalty should be higher.

"We decided to include the entire United States," said Boone. "But after a little consideration, we included the whole world."

There are three members in the Boone family, five in the Dubose family and six in the Smith family.

## LAKE LAND, FLA. (AP) — The Florida citrus industry has declared war on test-tube drinks, but hasn't yet worked out a plan of battle.

Industry officials say one synthetic orange-flavored drink captured a market during its first six months equal to 13 percent of that of the Florida citrus industry's No. 1 product, frozen orange juice. They fear further inroads by other synthetics.

It appears likely the industry will aim more frozen orange juice advertising at the housewife during the months ahead, and cut down its emphasis on the product's vitamin C content.

The Florida Citrus Commission, an industry-supported state agency, has just received a report on an eight-month survey among the nation's nutrition experts that cost \$53,000.

Natural juice, the report said, "provides an excellent spectrum of nutrients" as well as vitamin C.

## AUSTIN, TEX. (AP) — Selling liquor by the drink is illegal in Texas. This means you can't order a martini, or anything else, when you sit down to dinner in a public restaurant. Only beer or wines can be served.

If you bring in your bottle, you can be served with a setup. Several state legislators are out to change this situation, which results in the curious sight of well-dressed people carrying bottles in paper bags into fancy eating places.

One state senator has introduced a so-called "small bottle" bill which would permit legitimate restaurants to sell liquor in two-ounce bottles.

"The sole purpose of this legislation," declared Sen. Jim Bates, "is to remedy the ridiculous situation which compels Texans, tourists and everybody else while in our state to cart around one or more bottles in a paper sack in order to pour a legal ounce or two for a discreet drink with his meals."

## PHOENIX, ARIZ. (AP) — The announcement from the Camelback office of the Arizona Bank

was quite clear: "We need the money. Help us relieve the nationwide coin shortage. We'll give you a crisp \$5 bill and a mint-condition Kennedy half-dollar for \$5.50 worth of change. We'll also give you a chance to win a \$25 savings account."

## FOREIGN REDS SEEK TO SAVE WORLD PARTY

By GEORGE SYVERTSEN

MOSCOW (AP) — Pro-Soviet foreign Communist leaders gathered in secrecy in Moscow Monday to discuss fading prospects for restoring unity to the broken ranks of the world Communist movement.

The Red Chinese continued to hurl invective at the new Kremlin leadership, accusing it of deepening the Soviet-Chinese split while talking about unity.

Leaders from 17 foreign Communist parties were scheduled to meet Monday with Soviet Communist party Presidium member Mikhail Suslov.

There was no official information on the location of the talks. Western correspondents stationed outside the Soviet party's Central Committee building and other possible sites reported no sign of a meeting.

### PUBLISHES DELEGATES

The Communist party paper Pravda published the names of 47 delegates from 18 parties, including the Soviet one, who it said were in Moscow.

They were from Argentina, Australia, Brazil, Bulgaria, Cuba, Czechoslovakia, Finland, France, East Germany, West Germany, Hungary, India, Italy, Mongolia, Poland, Syria and the Soviet Union.

Three American Communists were listed as observers. The

## Lady Bird Visits LBJ's Birthplace

JOHNSON CITY, Tex. (AP) — A spring-like day prevailed in central Texas Sunday, and Mrs. Lyndon B. Johnson got behind the wheel of a convertible and visited the President's boyhood home and his birthplace.

The First Lady came to the LBJ Ranch Saturday for a break from her Washington duties. She drove the 15 miles to nearby Johnson City and heard representatives of area civic groups ask that the President's boyhood home — a frame house now unoccupied — be used as a meeting place for worthwhile organizational drives.

Mrs. Johnson then drove to her husband's birthplace, half a mile from the ranch house on the banks of the Pedernales River.

British Communist party was expected to send a delegation after a last-minute decision Saturday to drop their opposition to the meeting.

### BOYCOTT MEETING

The Communist parties of China, North Korea, North Vietnam, Japan, Indonesia, Albania and Romania are boycotting the meeting.

The Chinese and their allies have warned that the meeting, originally called to prepare a world Communist summit meeting later this year, would be the first step toward a final split in the world movement.

Romania, in open defiance of the Kremlin, refused to attend in keeping with its policy of strict neutrality in the Moscow-Peking dispute. Pressure from the Chinese and some pro-Soviet parties, most notably the Italians, is expected to force the Soviet leaders to abandon plans for a world meeting.

The Chinese have hammered away at the Soviets in the past four days with charges that they were continuing their anti-Chinese campaign while exhorting Communists to unite.

## James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — If President Johnson is in the White House eight years he probably will not encounter a more cloudy, contradictory, mixed-up mess than he is trying to cope with in South Viet Nam now.

It's such a mess that at home he gets opinions as opposite as these: Step up the war against the Communists; don't step it up but try for a negotiated settlement and get out.

Abroad, the views are no less divided. The Soviet Union demands the United States get out, pronto. The French suggest a negotiated peace.

### RISKS INVOLVED

A stepped-up war might in the end bring in the Soviet Union and Red China but without it the Reds might decide they didn't have to negotiate a settlement at all. Yet, withdrawal without negotiation would mean lost American prestige.

Meanwhile, President Johnson has stepped up the war although in mid-February he said, "We seek no wider war."

He has been urged to talk directly to the nation about it all. Instead, he has talked privately with newsmen or through public statements by Secretary of State Dean Rusk and White House press secretary George E. Reedy.

### NOT SPELLED OUT

Through these triple but indirect explanations Johnson has stated the American position. The United States does not oppose negotiation but wants none until the Reds give some indication of calling off the war.

The meaning of "indication" was not explicitly spelled out, thus leaving the administration room to decide later whether a little "indication" is enough or a lot of "indication" is insufficient.

In stepping up the war — against the Red guerrillas in South Viet Nam — American jet bombers were used, thus ending the myth that Americans helping the Vietnamese were merely advisers although over 300 have been killed in the fighting.

How does the Johnson administration justify American intervention in the Vietnamese war? The same way the Eisenhower and Kennedy administrations' did: that the United States has an obligation to protect small nations in Southeast Asia from aggression.

The American motivation is not all unselfish. It wants to prevent communism from gobbling all Southeast Asia, knowing that if South Viet Nam goes, the rest of the area may not be far behind.

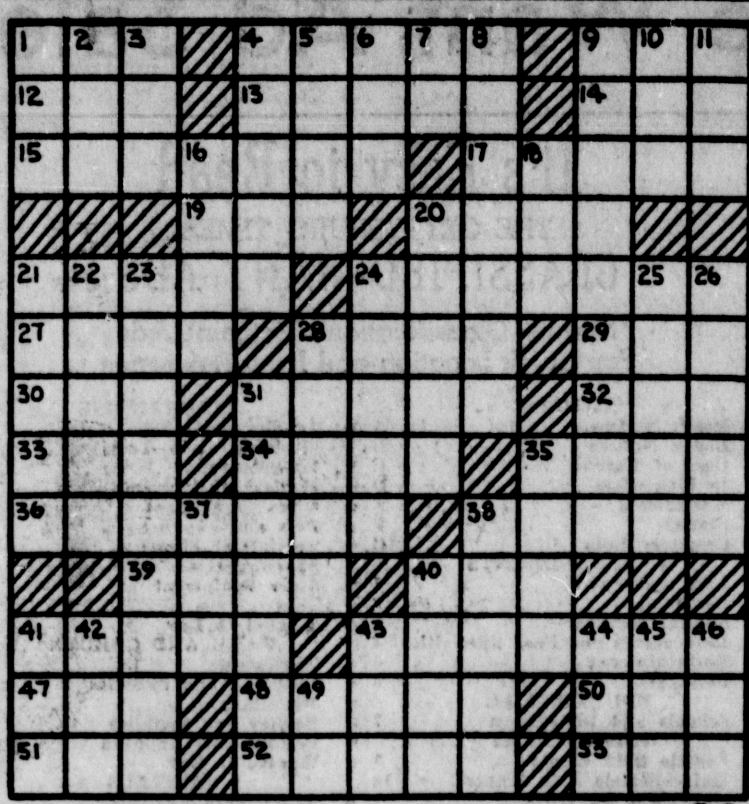

The stronger communism becomes, and the more real estate it controls, the further American defenses are pushed back to the U.S. mainland.

In this country one of the reasons given by those favoring an American pull-out from the war is that it is basically a civil war among the Vietnamese people.

Over the weekend the Johnson administration sought to answer this argument in a 14,000-word white paper giving detailed evidence that Red North Viet Nam has directed the war in the south, providing both men and supplies.

Yet, the white paper admitted a lot of South Vietnamese had joined the Red guerrillas — thus lending some support to the civil war view — in fighting the South Vietnamese government

but suggested they were terrorized into it.

The very word "government" raises another Johnsonian problem, for it can properly be asked: Since the South Vietnamese government has changed hands so often, just what government is fighting the Reds? The people themselves haven't chosen their government in years. The military leaders changed it around among themselves.

If all this wasn't tough enough, now the Buddhists in South Viet Nam, where they are 80 percent of the population, have added their influence to what The Associated Press called a swelling demand for a cease-fire.

On top of it all, some South Vietnamese officials fear their military governor in central Viet Nam is becoming a rallying point for the peace movement and may want to set up a separate government of his own in the central section.

## To Get Reports Of Milk Committee

STATE COLLEGE, Pa. (AP) — State Agriculture Secretary Leland H. Bull says there apparently will be more than one report coming from Gov. Scranton's committee assigned to look into the future of milk control.

"It was the first hope that the committee would make one report," Bull said over the weekend. "But it doesn't look like that now."

Two, possibly three reports are in the offing, Bull added. Scranton appointed the committee, quite a while ago, long before the recent controversial developments on the milk scene.

## WORLD'S CORN HARVEST DOWN

WASHINGTON (AP) — The world's cornfields produced an estimated 7.735 billion bushels last year. It was the second largest crop ever and only 4 percent below the all-time harvest of 1963.

A new compilation by the Agriculture Department attributed the decline chiefly to a 13 percent drop—to 3.549 billion bushels—in U.S. production. Still, the United States accounted for 48 percent of the global crop. In 1963, the U.S. share was 51 percent.

The national Commission on Food Marketing is planning hearings on the gross profit margins of food stores.

The accent will be on whether "kiddie corals," snack bars, piped music, check cashing and other extra services are unduly boosting the retail cost of groceries.

The commission said a 25-year decline in gross profit margins—from 30 percent to 16 percent—began an upward trend in 1954. Margins now are about 21 percent.

January production of red meat totaled 2.69 billion pounds, down 5 percent from the same month last year and 4 percent below December.

The crop reporting board listed 1.536 billion pound of beef, two per cent above last January but one per cent below December.

## Khanh In Rome Enroute To U. S.

ROME (AP) — Lt. Gen. Nguyen Khanh, South Viet Nam's ex-strongman, arrived by plane from Hong Kong Monday and said he intends to spend a day or so in Rome before going to New York.

Khanh left the airport under heavy police escort and made no comment on Communist threats to demonstrate if he holds political talks in the Italian capital.

## East Germany Sees Million Cars By '70

BERLIN (AP) — Communist East Germany reckons to have a million automobiles by 1970, a private Western intelligence agency reported.

Information Bureau West was quoting a report of the Transport Ministry. The ministry experts also estimated that the number would double by 1980.

A million autos would be one for every 17 inhabitants compared with one for every 8 inhabitants of West Germany now. Low production and sky-high prices make autos difficult to buy in East Germany, which has some of the emptiest roads in Europe.
